TPCODL successfully meets an all-time high peak demand of 2140 MW in April

BHUBANESWAR, MAY 2

TPCODL, a joint venture of Tata Power and the Government of Odisha, successfully met the record peak demand of 2140 MW in April 2024 without any network constraints. The State capital, Bhubaneswar, reached an all-time high temperature of 45.4 degrees Celsius, with the peak demand touching 627 MW on 30th April.

Last year the highest demand in the TPCODL area in April was 1876 MW of which 514 MW was the peak demand of Bhubaneswar. This season so far, the peak demand has witnessed a significant increase of 15 % in the company's area of operations and 22 % increase in Bhubaneswar city.

As per the India Meteorological Department (IMD), 9 districts of Odisha, including Bhubaneswar were among the hottest cities in the world on April 30. With the

impending summer, peak demand is expected to rise to 2329 MW.

The Discom has made necessary arrangements to ensure an uninterrupted power supply amid the rising power demand this summer season. It has implemented several technologies such as thermoscanning, ultra-sonic testing, installation of wedge connectors, and Auto Tap Changers using Transformer Monitoring Units etc. and has undertaken reliability improvement measures like Automation of 33 kV Ring Main Units, Faster Identification and Isolation of Faults using Fault Passage Indicators and LT Protection to arrest faults on LT side to strengthen the distribution network system and improve the reliability of power supply to their 30 lakh+ customers as the temperature soars across the state.

During this unprecedented summer season, TPCODL's Power System Control Center (PSCC)

serves as a hub for real-time monitoring of the entire distribution network and helps to ensure reliable power supply through the implementation of IT and OT technologies like Supervisory Control and Data Acquisition (SCADA), Permit-To-Work (PTW) Management System to ensure the safety of field staff at sites.

PSCC also sends alerts to the operational team on real-time updates on the power situation, also this information is further passed to Call Centre for promptly informing consumers via SMS services, social media platforms.

PSCC is manned 24x7 by a dedicated team of Operations Engineers who remotely monitor and control 33/11 kV Primary Substations across the 5 circles of TPCODL to maxi-

mize system availability through swift restoration, and efficient outage management for preventive and breakdown maintenance of the network equipment to ensure seamless operations.

"As Odisha undergoes a heat-wave, we urge our consumers to stay safe, we have implemented various measures to meet the rising demand. We remain steadfast in our commitment to providing an uninterrupted power supply to all our consumers. We are optimizing technology, deploying over 8000 linemen for on-ground maintenance, and are strengthening our network capacity to ensure smooth operation," said Rvindh Singh, CEO, TPCODL. —PBD

With the impending summer, peak demand is expected to rise to 2329 MW.

The Discom has made necessary arrangements to ensure an uninterrupted power supply amid the rising power demand this summer season. It has implemented several technologies such as thermoscanning, ultra-sonic testing, installation of wedge connectors, and Auto Tap Changers using Transformer Monitoring Units etc. and has undertaken reliability improvement measures like Automation of 33 kV Ring Main Units , Faster Identification and Isolation of Faults using Fault Passage Indicators and LT Protection to arrest faults on LT side to strengthen the distribution network system and improve the reliability of power supply to their 30 lakh+ customers as the temperature soars across the state.

Synopsis: TPCODL, a joint venture of Tata Power and the Government of Odisha, successfully met the record peak demand of 2140 MW in April 2024 without any network constraints. The State capital, Bhubaneswar, reached an all-time high temperature of 45.4 degrees Celsius, with the peak demand touching 627 MW on 30th April.

Last year the highest demand in the TPCODL area in April was 1876 MW of which 514 MW was the peak demand of Bhubaneswar. This season so far, the peak demand has witnessed a significant increase of 15 % in the company's area of operations and 22 % increase in Bhubaneswar city. As per the India Meteorological Department (IMD), 9 districts of Odisha, including Bhubaneswar were among the hottest cities in the world on April 30. With the impending summer, peak demand is expected to rise to 2329 MW.

The Discom has made necessary arrangements to ensure an uninterrupted power supply amid the rising power demand this summer season. It has implemented several technologies such as thermoscanning, ultra-sonic testing, installation of wedge connectors, and Auto Tap Changers using Transformer Monitoring Units etc. and has undertaken reliability improvement measures like Automation of 33 kV Ring Main Units , Faster Identification and Isolation of Faults using Fault Passage Indicators and LT Protection to arrest faults on LT side to strengthen the distribution network system and improve the reliability of power supply to their 30 lakh+ customers as the temperature soars across the state.

TPCODL meets record peak demand of 2,140 MW in Apr

Bhubaneswar's demand experienced 22% rise

PNS ■ BHUBANESWAR

The TPCODL, a joint venture of Tata Power and the Government of Odisha, successfully met the record peak demand of 2,140 MW in April without any network constraints.

The State capital, Bhubaneswar, reached an all-time high temperature of 45.4 degrees Celsius, with the peak demand touching 627 MW on April 30.

Last year the highest demand in the TPCODL area in April was 1,876 MW of which 514 MW was the peak demand of Bhubaneswar. This season so far, the peak demand has

witnessed a significantly by 15 % in the company's area of operations and 22 % in Bhubaneswar city.

As per the India Meteorological Department (IMD), nine districts of Odisha, including Bhubaneswar were among the hottest cities in the world on April 30. With the impending summer, peak demand is expected to rise to 2,329 MW.

The Discom has made necessary arrangements to ensure an uninterrupted power supply amid the rising power demand this summer season.

It has implemented several technologies such as thermoscanning, ultra-sonic testing, installation of wedge connectors, and Auto Tap Changers using Transformer Monitoring Units etc. and has undertaken reliability im-

provement measures like automation of 33 kV Ring Main Units, faster identification and isolation of faults using Fault Passage Indicators and LT protection to arrest faults on LT side to strengthen the distribution network system and improve the reliability of power supply to their 30 lakh+ customers.

During this unprecedented summer season, TPCODL's Power System Control Center (PSCC) serves as a hub for real-time monitoring of the entire distribution network and helps to ensure reliable power supply through the implementation of IT and OT technologies like Supervisory Control and Data Acquisition (SCADA), Permit-To-Work (PTW) Management System to ensure the safety of field staff at sites.

TPCODL meets state's record peak power demand of 2,140 MW

EXPRESS NEWS SERVICE @ Bhubaneswar

TATA Power Central Odisha Distribution Limited (TPCODL) successfully met the record peak demand of 2,140 MW on April 30 without any network constraints.

The power demand of the state capital city touched 627 MW on that day as the temperature was at an all-time high of 45.4 degree Celsius. The highest demand of power under TPCODL area in April last year was 1,876 MW of which 514 MW was the peak demand of Bhubaneswar. This summer, the peak demand witnessed a significant increase of 15 per cent in the company's area of operations and 22 per cent increase in Bhubaneswar city.

As per India Meteorological Department (IMD), Bhubaneswar was among the hottest cities in the world on April 30. With summer still prevailing, the peak demand is expected to rise to 2,329 MW, sources in the company said. The discom has made necessary arrangements to ensure uninterrupted power supply amid rising demand this summer. It has implemented several technologies and undertaken reliability improvement measures like automation of 33 KV ring main units, faster identification and isolation of faults using fault passage indicators and LT protection to arrest faults on LT side to strengthen the distribution network system and improve reliability of power supply to more than 30 lakh customers as the temperature soars across the state. "We have implemented various measures to meet the rising power demand. We remain steadfast in our commitment to providing uninterrupted power supply to all our consumers. We are optimising technology, deploying over 8,000 linemen for on-ground maintenance and strengthening our network capacity to ensure smooth operation," said TPCODL CEO Arvind Singh.

TPCODL installs 50 TMUs in Cuttack & Bhubaneswar

STATESMAN NEWS SERVICE
BHUBANESWAR, 6 MAY:

TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha, recently introduced state of the art “Transformer Monitoring Unit” (TMU) at 33/11kV primary substations in the twin city Bhubaneswar and Cuttack.

These TMU provide an exceptional combination of monitoring, control and communications in a compact package. This equip-

ment provides real-time and/or historical information about the transformer parameters like Voltage, Current, Gases, On Load Tap Changer, Oil and Winding Temperature.

Transformer Monitoring Units shall also help in early identification of a fault evolution and avoid catastrophic failure of capital intensive 33/11kV power transformers.

They are designed to raise / lower the voltage automatically without any human intervention .

TPCODL has so far installed 50 TMUs in Bhubaneswar and Cuttack.

Mr. Arvind Singh, CEO, TPCODL, said, “The introduction of Transformer Monitoring Units marks a significant milestone in our mission to revolutionize power distribution. . We believe this innovative technology will greatly enhance the reliability and efficiency of our network, ensuring uninterrupted access to high-quality power for communities throughout Odisha

TPCODL introduces TMUs for enhanced customer service and power reliability in twin cities

PBD BUREAU

BHUBANESWAR, MAY 6

TATA Power Central Odisha Distribution Limited (TPCODL) is committed to enhancing customer service through advanced technological solutions. TPCODL has recently introduced state-of-the-art "Transformer Monitoring Units" (TMUs) at its 33/11kV primary substations in the twin cities of Bhubaneswar and Cuttack. These TMUs provide an exceptional combination of monitoring, control, and communication in a compact package, offering real-time and/or historical information about transformer parameters such as voltage, current, gases, on-load tap changer, oil, and winding temperature.

TPCODL

**TP CENTRAL ODISHA
DISTRIBUTION LIMITED**

(A Joint Venture of Tata Power and Government of Odisha)

Transformer Monitoring Units also help in the early identification of fault identification, helping prevent catastrophic failure of capital-intensive 33/11kV power transformers. These TMUs replace traditional panel switches, temperature gauges, and latching relays. They are designed to automatically raise or lower voltage without human intervention, thereby ensuring quality power for all customers. TPCODL has installed 50 TMUs in Bhubaneswar and Cuttack so far. These TMUs are integrated with

SCADA and can be monitored and controlled from the Power System Control Centre located in Kalyani Complex, Bhubaneswar.

Commenting on this initiative, TPCODL CEO Arvind Singh said, "The introduction of Transformer Monitoring Units marks a significant milestone in our mission to revolutionize power distribution. These TMUs embody our persistent dedication to provide impeccable service to our valued customers. We believe this innovative technology will greatly enhance the reliability and efficiency of our network, ensuring uninterrupted access to high-quality power for communities throughout Odisha."

टीपीसी ओडीएल ने ट्रांसफार्मर मॉनिटरिंग यूनिट की शुरुआत की

नवभारत ब्यूरो । भुवनेश्वर।

टीपी सेंट्रल ओडिशा डिस्ट्रीब्यूशन लिमिटेड (टीपीसीओडीएल), टाटा पावर उन्नत तकनीकी समाधानों के माध्यम से ग्राहक सेवा को बढ़ाने के लिए लगातार प्रयास करता है। टीपीसीओडीएल ने हाल ही में भुवनेश्वर और कटक में 33/11 केवी प्राथमिक सबस्टेशनों पर अत्याधुनिक ट्रांसफार्मर मॉनिटरिंग यूनिट (टीएमयू) पेश किया है। ये टीएमयू एक कॉम्पैक्ट पैकेज में निगरानी, निर्यंत्रण और संचार का एक असाधारण संयोजन प्रदान करता है। यह उपकरण वोल्टेज, करंट, गैसों, ऑन लोड टैप चेंजर, तेल और वाईडिंग तापमान जैसे ट्रांसफार्मर मापदंडों के बारे में वास्तविक समय और/या ऐतिहासिक जानकारी प्रदान करता है।

ट्रांसफार्मर मॉनिटरिंग इकाइयां किसी दोष के विकास की शीघ्र पहचान करने में भी मदद करेंगी और पुंजी-गहन 33/11केवी बिजली ट्रांसफार्मर की भयावह विफलता से बचेंगी। ये टीएमयू पारंपरिक पैनल स्विच, तापमान गेज और लैचिंग रिले की जगह लेते हैं। इन्हें बिना किसी मानवीय हस्तक्षेप के वोल्टेज को स्वचालित रूप से बढ़ाने/घटाने के

लिए डिजाइन किया गया है, जिससे सभी ग्राहकों को गुणवत्तापूर्ण बिजली प्रदान करने में मदद मिलती है। टीपीसीओडीएल ने अब तक भुवनेश्वर और कटक में 50 टीएमयू स्थापित किए हैं।

इस पहल के संदर्भ में टीपीसीओडीएल के सीईओ अरविंद सिंह ने कहा, ट्रांसफार्मर मॉनिटरिंग इकाइयों की शुरुआत बिजली वितरण में क्रांति लाने के हमारे मिशन में एक महत्वपूर्ण मील का पत्थर है। ये टीएमयू हमारे मूल्यवान ग्राहकों को त्रुटिहीन सेवा प्रदान करने के लिए हमारे निरंतर समर्पण का प्रतीक हैं। हमारा मानना है कि यह नवोन्मेषी तकनीक हमारे नेटवर्क की विश्वसनीयता और दक्षता को काफी हद तक बढ़ाएगी, जिससे पूरे ओडिशा में समुदायों के लिए उच्च गुणवत्ता वाली बिजली तक निर्बाध पहुंच सुनिश्चित होगी।

ଗ୍ରାହକମାନଙ୍କୁ ନିଖୁଣ ସେବା ପ୍ରଦାନ କରିବ ଟିଏମୟୁ: ଅରବିନ୍ଦ ସିଂହ

ଭୁବନେଶ୍ୱର, ୬/୫(ଉମିସ): ଟାଟା ପାୱାର ଓ ଓଡ଼ିଶା ସରକାରଙ୍କ ଯୋଥ ଉଦ୍ୟୋଗ ଟିପି ସେଣ୍ଟ୍ରାଲ ଓଡ଼ିଶା ଡିଷ୍ଟ୍ରିବ୍ୟୁସନ୍ ଲିମିଟେଡ୍ (ଟିପିସିଏଲ୍) ଉନ୍ନତ ବୈଷୟିକ କୌଶଳ କରିଆରେ ଗ୍ରାହକ ସେବାରେ ଉନ୍ନତି ଆଣିବାକୁ ନିରନ୍ତର ପ୍ରୟାସ କାରି ରଖିଛି। ନିକଟରେ ଟ୍ରିନ୍ ସିଟି ଭୁବନେଶ୍ୱର ଓ କଟକରେ ଥିବା ୩୩/୧୧ କେଭି ପ୍ରାଥମିକ ସରଞ୍ଜାମରେ ଅତ୍ୟାଧୁନିକ ‘ଗ୍ରାହ୍ୟର୍ମର ମନିଟରିଂ ୟୁନିଟ୍’ (ଟିଏମୟୁ) କାର୍ଯ୍ୟକ୍ଷମ ହୋଇଛି। ଏହା ଗୋଟିଏ ସମୟରେ ଭୋଲଟେଜ୍, କରେଣ୍ଟ୍, ଗ୍ୟାସ୍, ଅନଲୋଡ୍ ତ୍ୟାପ୍ ରେଟର, ତେଲ୍ ଏବଂ ଡ୍ରାଇଂ ତାପମାତ୍ରା ପରି ଗ୍ରାହ୍ୟର୍ମର ମାନଦଣ୍ଡଗୁଡ଼ିକ ବିଷୟରେ ‘ରିୟଲ୍ ଟାଇମ୍’ ସୂଚନା ପ୍ରଦାନ କରୁଛି।

ଟିଏମୟୁଗୁଡ଼ିକ ତୁଟି ଶୀଘ୍ର ଡିସ୍ଟ୍ରବ୍ କରିବା ଓ ୩୩/୧୧ କେଭି ବିଦ୍ୟୁତ୍ ଗ୍ରାହ୍ୟର୍ମର ବିପଳତା ଏଡାଇବାରେ ସାହାଯ୍ୟ କରୁଛି। ପାରମ୍ପରିକ ପ୍ୟାନେଲ୍ ସୁଇଚ୍, ତାପମାତ୍ରା ମାପକ ଓ ଲାଟିଂ ରିଲେର ସ୍ଥାନ ନେଇଛି।

କୌଣସି ମାନବୀୟ ହସ୍ତକ୍ଷେପ ବିନା ସ୍ୱତଃ ଭୋଲଟେଜ୍ ବଢ଼ାଇବା, ହ୍ରାସ କରିପାରୁଛି। ଗ୍ରାହକଙ୍କୁ ଗୁଣାତ୍ମକ ବିଦ୍ୟୁତ୍ ସଂଯୋଗ ପ୍ରଦାନ କରିବାରେ ପ୍ରମୁଖ ଭୂମିକା ନିଭାଉଛି। ଟିପିସିଏଲ୍ ପକ୍ଷରୁ ଭୁବନେଶ୍ୱର ଓ କଟକରେ ଏପର୍ଯ୍ୟନ୍ତ ୫୦ଟି ଟିଏମୟୁ ସ୍ଥାପନ କରାଯାଇଛି। ଏଗୁଡ଼ିକ ସ୍ଥାପନା ସହିତ ସଂଯୁକ୍ତ ହୋଇଛି ଓ ଭୁବନେଶ୍ୱରର କଲ୍ୟାଣୀ କମ୍ପ୍ଲେକ୍ସରେ ଥିବା ପାୱାର ସିଷ୍ଟମ କଣ୍ଟ୍ରୋଲ ସେଣ୍ଟରରୁ ଏହାର ତଦାରଖ ଓ ନିୟନ୍ତ୍ରଣ କରାଯାଉଛି।

ଏନେଇ ଟିପିସିଏଲ୍ ସିଇଓ ଅରବିନ୍ଦ ସିଂହ କହିଛନ୍ତି, “ଟିଏମୟୁ ଶକ୍ତି ବ୍ୟୟରେ ଏକ ବୈପ୍ଳବିକ ପରିବର୍ତ୍ତନ ଆଣିଛି। ଗ୍ରାହକମାନଙ୍କୁ ନିଖୁଣ ସେବା ପ୍ରଦାନ କରୁଛି। ଏହି ଅଭିନବ ଜ୍ଞାନକୌଶଳ ନେଟୱର୍କର ବିଶ୍ୱସନୀୟତା ଓ ଦକ୍ଷତା ବୃଦ୍ଧି କରିବା ସହ ସମଗ୍ର ଓଡ଼ିଶାରେ ଉଚ୍ଚ ଗୁଣବତ୍ତା ବିଜୁଳିର ନିରବଚ୍ଛିନ୍ନ ଉପଲବ୍ଧତାକୁ ସୁନିଶ୍ଚିତ କରିବ ବୋଲି ଆମର ଆଶା ରହିଛି।”

Synopsis: TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha, continually strive to enhance customer service through advanced technological solutions. TPCODL has recently introduced state of the art “Transformer Monitoring Unit” (TMU) at our 33/11kV primary substations in the twin city Bhubaneswar and Cuttack. These TMU provides an exceptional combination of monitoring, control and communications in a compact package. This equipment provides real-time and/or historical information about the transformer parameters like Voltage, Current, Gases, On Load Tap Changer, Oil and Winding Temperature.

Transformer Monitoring Units shall also help in early identification of a fault evolution and avoid catastrophic failure of capital intensive 33/11kV power transformers. These TMUs replace the traditional panel switches, temperature gauges and latching relays. They are designed to raise / lower the voltage automatically without any human intervention thus help in providing quality power to all customers. TPCODL has so far installed 50 TMUs in Bhubaneswar and Cuttack. These TMUs are integrated with SCADA and can be monitored and controlled from Power System Control Center located in Kalyani Complex, Bhubaneswar.

Synopsis: TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha, continually strive to enhance customer service through advanced technological solutions. TPCODL has recently introduced state of the art “Transformer Monitoring Unit” (TMU) at our 33/11kV primary substations in the twin city Bhubaneswar and Cuttack. These TMU provides an exceptional combination of monitoring, control and communications in a compact package. This equipment provides real-time and/or historical information about the transformer parameters like Voltage, Current, Gases, On Load Tap Changer, Oil and Winding Temperature.

Transformer Monitoring Units shall also help in early identification of a fault evolution and avoid catastrophic failure of capital intensive 33/11kV power transformers. These TMUs replace the traditional panel switches, temperature gauges and latching relays. They are designed to raise / lower the voltage automatically without any human intervention thus help in providing quality power to all customers. TPCODL has so far installed 50 TMUs in Bhubaneswar and Cuttack. These TMUs are integrated with SCADA and can be monitored and controlled from Power System Control Center located in Kalyani Complex, Bhubaneswar.

Synopsis: TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha, continually strive to enhance customer service through advanced technological solutions. TPCODL has recently introduced state of the art “Transformer Monitoring Unit” (TMU) at our 33/11kV primary substations in the twin city Bhubaneswar and Cuttack. These TMU provides an exceptional combination of monitoring, control and communications in a compact package. This equipment provides real-time and/or historical information about the transformer parameters like Voltage, Current, Gases, On Load Tap Changer, Oil and Winding Temperature.

Transformer Monitoring Units shall also help in early identification of a fault evolution and avoid catastrophic failure of capital intensive 33/11kV power transformers. These TMUs replace the traditional panel switches, temperature gauges and latching relays. They are designed to raise / lower the voltage automatically without any human intervention thus help in providing quality power to all customers. TPCODL has so far installed 50 TMUs in Bhubaneswar and Cuttack. These TMUs are integrated with SCADA and can be monitored and controlled from Power System Control Center located in Kalyani Complex, Bhubaneswar.

TPCODL's Annual Business Associate Meet bolsters collaborative efforts in energy sector

PBD BUREAU
BHUBANESWAR, MAY 8

TATA Power Central Odisha Distribution Limited (TPCODL) convened its Annual Business Associate (BA) Meet here on Tuesday, drawing 90 enthusiastic participants from across the nation. The event served as a dynamic platform for engaging discussions and strategic dialogues, aimed at fostering mutual growth and innovation within the energy domain.

Under the stewardship of CEO Arvind Singh, TPCODL's

senior leadership team spearheaded an interactive session that facilitated direct interaction between business associates and key executives. Attendees availed themselves of the opportunity to pose pertinent questions and glean insightful responses from senior officials, accentuating the collaborative ethos driving TPCODL's operations.

During the discourse, numerous business associates lauded TPCODL for its efficient payment processes and prompt transactions, citing tangible benefits accrued through their part-

nership with Tata Power. This recognition underscored TPCODL's steadfast commitment to delivering value and operational excellence to its esteemed network of associates.

Further underscoring its dedication to excellence, TPCODL seized the occasion to honour companies that showcased exceptional performance, affirming its resolve to incentivize and celebrate outstanding achievements within its ecosystem.

Addressing the gathering, CEO Arvind Singh remarked, "The Annual Business Associate

Meet stands as a testament to the enduring strength of our partnerships and our collective pursuit of innovation and excellence in the energy sector. We deeply appreciate the invaluable insights shared by our business associates, which serve to reinforce our commitment to continually elevate our service standards and deliver enhanced value to all stakeholders."

ऊर्जा क्षेत्र में नवाचार और उत्कृष्टता को बढ़ावा देना जरूरी : सिंह

नवभारत व्यूरो। भुवनेश्वर।

टाटा पावर और ओडिशा सरकार के संयुक्त उद्यम टीपीसी ओडिशा डिस्ट्रीब्यूशन लिमिटेड (टीपीसीओडीएल) ने एमडीसी बार्मुडा, भुवनेश्वर में अपनी वार्षिक बिजनेस एक्सीलेंस (बीए) मीट का आयोजन किया। इस कार्यक्रम में देश भर के विभिन्न क्षेत्रों से आए 90 प्रतिनिधित्व बिजनेस एक्सीलेंस (बीए) की उल्लासी भागीदारी देखी गई। उन्होंने टीपीसीओडीएल के साथ सहयोगात्मक प्रयासों पर अपने दृष्टिकोण साझा की। इस इंटरैक्टिव मंच ने रचनात्मक संवाद को बढ़ावा दिया, जिससे प्रतिभागियों को अपने अनुभव व्यक्त करने और आपसी विकास के लिए रणनीतियों पर चर्चा

करने की अनुमति मिली।

कार्यक्रम का मुख्य अतिथि एमडीसी बार्मुडा के अध्यक्ष अरविंद सिंह थे, जिसमें सीईओ अरविंद सिंह की अध्यक्षता में टीपीसीओडीएल की वरिष्ठ नेतृत्व टीम के साथ-साथ विभिन्न कार्यों के प्रमुख

अधिकारियों ने भाग लिया। इस सत्र ने व्यावसायिक सहयोगियों को प्रामाणिक प्रश्न पूछने और टीपीसी ओडीएल के वरिष्ठ अधिकारियों से व्यावहारिक प्रतिक्रिया प्राप्त करने का एक मूल्यवान अवसर प्रदान किया।

चर्चा के दौरान, कई व्यावसायिक सहयोगियों ने मूल्यवर्धित भुगतान प्रक्रियाओं और समय पर लेनदेन पर उल्लेखनीय जोर देने के साथ, टाटा पावर के साथ साझेदारी के बाद से प्राप्त लाभ साधों के लिए टीपीसी ओडीएल की प्रशंसा की। इसके अलावा, टीपीसीओडीएल ने उत्कृष्ट प्रदर्शन करने वाली कंपनियों को पहचानने का अवसर दिया, अपने सहयोगियों के नेटवर्क के भीतर उत्कृष्टता को स्वीकार करने और प्रशंसा करने के लिए अपने समर्थन को पुष्टि की।

सहयोगियों के साथ बेहतर सामंजस्य होना चाहिए

इस अवसर पर बोले हुए टीपीसी ओडीएल के सीईओ अरविंद सिंह ने कहा, वार्षिक बिजनेस एक्सीलेंस मीट हमारी साझेदारी की स्थायी ताकत और ऊर्जा क्षेत्र में नवाचार और उत्कृष्टता को बढ़ावा देने के लिए हमारी साझा प्रतिबद्धता का एक प्रमाण है। हम अपने व्यावसायिक सहयोगियों द्वारा साझा की गई मूल्यवान अंतर्दृष्टि की महारत से सराहना करते हैं, जो हमारी सेवा

पैराकशों को लगातार बढ़ाने और सभी हितधारकों को मूल्य प्रदान करने के हमारे संकल्प को पुष्टि करती है। टीपीसीओडीएल सहयोग, नवाचार और सामाजिक जिम्मेदारी को प्राथमिकता देना जारी रखता है क्योंकि यह समुदायों को सशक्त बनाने, आर्थिक विकास को बढ़ावा देने और ओडिशा के लोगों के लिए जीवन की गुणवत्ता को बढ़ाने का प्रयास करता है।

Synopsis: TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha, organized its Annual Business Associate (BAs) Meet at the MDC Baramunda, Bhubaneswar on 7th May, 2024.

The event witnessed the enthusiastic participation of 90 esteemed business associates (BAs), hailing from diverse regions across the Country. They engaged in sharing their perspectives on collaborative endeavours with TPCODL. This interactive platform fostered constructive dialogue, allowing participants to articulate their experiences and discuss strategies for mutual growth.

The highlight of the event was the interactive session, attended by the senior leadership team of TPCODL, headed by Mr. Arvind Singh, CEO, alongside key executives from various functions. This session offered a valuable opportunity for business associates to pose relevant questions and receive insightful responses from senior officials of TPCODL.

During the discussions, numerous business associates praised TPCODL for the tangible benefits they have enjoyed since partnering with Tata Power, with a notable emphasis on the streamlined payment processes and timely transactions.

Synopsis: TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha, organized its Annual Business Associate (BAs) Meet at the MDC Baramunda, Bhubaneswar on 7th May, 2024.

The event witnessed the enthusiastic participation of 90 esteemed business associates (BAs), hailing from diverse regions across the Country. They engaged in sharing their perspectives on collaborative endeavours with TPCODL. This interactive platform fostered constructive dialogue, allowing participants to articulate their experiences and discuss strategies for mutual growth.

The highlight of the event was the interactive session, attended by the senior leadership team of TPCODL, headed by Mr. Arvind Singh, CEO, alongside key executives from various functions. This session offered a valuable opportunity for business associates to pose relevant questions and receive insightful responses from senior officials of TPCODL.

During the discussions, numerous business associates praised TPCODL for the tangible benefits they have enjoyed since partnering with Tata Power, with a notable emphasis on the streamlined payment processes and timely transactions.

ଆଲୋଚନା ସମୟରେ ବହୁ ସଂଖ୍ୟାରେ ବିଜନେସ୍ ଆସୋସିଏଟ୍ ଚାଟା ପାୱାର୍ ସହ ସହଯୋଗିତା ପରଠାରୁ ଟିପିସିଓଡିଏଲ୍ ମିଳୁଥିବା ଲାଭରୁ ପ୍ରଂସ୍ତା କରିଥିଲେ, ଯେଉଁଥିରେ ପେମେଣ୍ଟ ପ୍ରକ୍ରିୟାକୁ ସରଳ କରିବା ଏବଂ ଉଚିତ ସମୟରେ କାର୍ଯ୍ୟକାରୀ ଉପରେ ଗୁରୁତ୍ୱ ପ୍ରଦାନ କରାଯାଇଛି । ଏହି ଉପଲକ୍ଷେ ଉଲ୍ଲେଖନୀୟ ପ୍ରଦର୍ଶନ କରିଥିବା କମ୍ପାନୀଗୁଡ଼ିକୁ ଟିପିସିଓଡିଏଲ୍ ପକ୍ଷରୁ ସ୍ୱୀକୃତି ପ୍ରଦାନ କରାଯାଇଥିଲା । ଏହି ଅବସରରେ ଟିପିସିଓଡିଏଲ୍ ପକ୍ଷରୁ ଅରଭିନ୍ଦ ସିଂହ କହିଛନ୍ତି ଯେ, ବାର୍ଷିକ ବିଜନେସ୍ ଆସୋସିଏଟ୍ ସମ୍ମିଳନୀ ଆମ ସହଯୋଗିତାର ଦୃଢ଼ତା ଏବଂ ଶକ୍ତି କ୍ଷେତ୍ରରେ ନବସୃଜନ ଓ ଉତ୍କର୍ଷକୁ ବଢ଼ାଇବା ପାଇଁ ଆମ ମିଳିତ ପ୍ରତିବଦ୍ଧତାର ପ୍ରମାଣ । ଆମ ବିଜନେସ୍ ଆସୋସିଏଟ୍‌ମାନେ ପ୍ରଦାନ କରିଥିବା ମୂଲ୍ୟବାନ ପରାମର୍ଶକୁ ଆମେ ପ୍ରଂସ୍ତା କରୁଛୁ ଯାହା ଆମ ସେବାରେ ଉନ୍ନତି ଆଣିବା ଏବଂ ସମସ୍ତ ଅଂଶଦାରଙ୍କୁ ମୂଲ୍ୟ ପ୍ରଦାନ କରିବା ଲାଗି ଆମ ସଂକଳ୍ପକୁ ଦୃଢ଼ିତ କରିଛି । ସମ୍ପ୍ରତି ଟିପିସିଓଡିଏଲ୍ ପକ୍ଷରୁ ସହଯୋଗିତା, ନବସୃଜନ ଓ ସମାଜିକ ଦାୟିତ୍ୱବାଦକୁ ଅଗ୍ରାଧିକାର ପ୍ରଦାନ କରାଯାଇଛି ଲାଗଣ ଏହା ସମାଜକୁ ସଶକ୍ତ କରୁଥିବାବେଳେ ଅର୍ଥନୈତିକ ଅଭିବୃଦ୍ଧି ଏବଂ ଓଡ଼ିଶାବାସୀଙ୍କ ଜୀବନର ଗୁଣାବୃଦ୍ଧି ନାମରେ ଉନ୍ନତି ଆଣିବାକୁ ଉଦ୍ୟମ କରୁଛି ।

Synopsis: TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha, organized its Annual Business Associate (BAs) Meet at the MDC Baramunda, Bhubaneswar on 7th May, 2024.

The event witnessed the enthusiastic participation of 90 esteemed business associates (BAs), hailing from diverse regions across the Country. They engaged in sharing their perspectives on collaborative endeavours with TPCODL. This interactive platform fostered constructive dialogue, allowing participants to articulate their experiences and discuss strategies for mutual growth.

The highlight of the event was the interactive session, attended by the senior leadership team of TPCODL, headed by Mr. Arvind Singh, CEO, alongside key executives from various functions. This session offered a valuable opportunity for business associates to pose relevant questions and receive insightful responses from senior officials of TPCODL.

During the discussions, numerous business associates praised TPCODL for the tangible benefits they have enjoyed since partnering with Tata Power, with a notable emphasis on the streamlined payment processes and timely transactions.

TPCODL empowers farmers through Samriddhi initiative

PBD BUREAU
BHUBANESWAR, MAY 16

TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power Company Limited and the Government of Odisha, continues its commitment towards rural development through its innovative Corporate Social Responsibility (CSR) initiative, Samriddhi (A Multi-Stakeholder initiative in collaboration with Paritiss Center for Just Transition, NITCON Social Foundation and GIZ-Germany).

In line with its mission to nurture sustainable economic growth in rural communities, under the

Samriddhi Project, TPCODL organized an exposure visit for 20 Community Resource Persons (CRPs) from the Samriddhi Project Implementation Site to the National Fishery Development Board (NFDB) and Central Institute of Freshwater Aquaculture, Bhubaneswar.

The exposure visit, held under the Samriddhi initiative, aimed at equipping CRPs with advanced knowledge and sustainable practices in aquaculture and promoting aquapreneurship.

Participants received comprehensive training from experts at NFDB, covering various aspects including fish species identifica-

tion, sustainable fish farming practices, water testing methodologies, and infrastructural arrangements for fish farming.

This initiative underscores TPCODL's dedication to empower rural farmers by providing them

enhanced skills and techniques related to fish farming.

By extending this knowledge-sharing platform to CRPs, who will subsequently disseminate it among more than 600 rural farmers across 10 Producer Groups spanning over 360 acres of water bodies, TPCODL aims to catalyse economic growth in the region in association with like minded stakeholders.

Arvind Singh, CEO, TPCODL, expressed his support for the initiative, stating, "TPCODL is deeply committed to driving positive change in the communities we serve. Through the Samriddhi initiative, we aim to uplift the liveli-

hoods of rural farmers by providing them with valuable resources and training in modern Aquaculture practices. This exposure visit would strengthen our dedication to fostering economic development and empowerment at the grassroots level."

The beneficiaries of TPCODL's Samriddhi initiative are particularly fish farmers in the Khandapada area of Nayagarh district who stand to gain substantially from the knowledge and practices imparted through this exposure visit.

Through exposure visits and comprehensive training, TPCODL aims to uplift rural communities and nurture a culture of sustainable agriculture.

टीपीसीओडीएल समृद्धि पहल के माध्यम से किसानों को किया जाएगा सशक्त

भुवनेश्वर। टीपी सेंट्रल ओडिशा लिमिटेड (टीपीसीओडीएल), टाटा पावर कंपनी लिमिटेड और ओडिशा सरकार का एक संयुक्त उद्यम, अपनी अभिनव कॉर्पोरेट सामाजिक जिम्मेदारी (सीएसआर) पहल, समृद्धि (ए) के माध्यम से ग्रामीण विकास के प्रति पीटिस सेंटर फॉर जस्ट ट्रांजिशन, नॉईटीसीओएन सोशल फाउंडेशन और जीआईजेड-जर्मनी के सहयोग से बहु-हितधारक पहल) अपनी प्रतिबद्धता जारी रखी है। समृद्धि परियोजना के तहत ग्रामीण समुदायों में सतत आर्थिक विकास को बढ़ावा देने के अपने मिशन के अनुरूप, टीपीसीओडीएल ने समृद्धि परियोजना कार्यान्वयन स्थल से राष्ट्रीय मूल्य विकास बोर्ड (एनएफडीबी) और मोठे पानी के जल कृषि संस्थान, भुवनेश्वर केंद्रीय तक 20 सामुदायिक संसाधन व्यक्ति (सीआरपी) के लिए एक एक्सपोजर विजिट का आयोजन किया गया था। समृद्धि पहल के तहत आयोजित एक्सपोजर विजिट का उद्देश्य सीआरपी को जलीय कृषि में उन्नत ज्ञान और टिकाऊ प्रथाओं से लैस करना और जलीय

उद्यमिता को बढ़ावा देना है। प्रतिभागियों को एनएफडीबी के विशेषज्ञों से व्यापक प्रशिक्षण प्राप्त हुआ, जिसमें मछली प्रजातियों की पहचान, टिकाऊ मछली पालन प्रथाओं, जल परीक्षण पद्धतियों और मछली पालन के लिए बुनियादी ढांचे की व्यवस्था सहित विभिन्न पहलुओं को शामिल किया गया। यह पहल ग्रामीण किसानों को मछली पालन से संबंधित उन्नत कौशल और तकनीक प्रदान करके उन्हें सशक्त बनाने के लिए टीपीसीओडीएल के समर्पण को रेखांकित करती है। इस ज्ञान-साझाकरण मंच को सीआरपी तक विस्तारित करके, जो बाद में इसे 360 एकड़ से अधिक जल निकायों में फैले 10 उत्पादक समूहों में 600 से अधिक ग्रामीण किसानों के बीच प्रसारित करेगा, टीपीसीओडीएल का लक्ष्य समान

विचारधारा वाले हितधारकों के साथ मिलकर क्षेत्र में आर्थिक विकास को उत्प्रेरित करना है। टीपीसीओडीएल के सीईओ अरविंद सिंह ने इस पहल के लिए अपना समर्थन व्यक्त करते हुए कहा, "टीपीसीओडीएल उन समुदायों में सकारात्मक बदलाव लाने के लिए गहराई से प्रतिबद्ध है, जिनकी हम सेवा करते हैं। समृद्धि पहल के माध्यम से, हमारा उद्देश्य ग्रामीण किसानों की आजीविका को बेहतर बनाना है। आधुनिक एक्वाकल्चर प्रथाओं में मूल्यवान संसाधनों और प्रशिक्षण के साथ यह एक्सपोजर यात्रा जमीनी स्तर पर आर्थिक विकास और सशक्तिकरण को बढ़ावा देने के लिए हमारे समर्पण को मजबूत करेगी। टीपीसीओडीएल की समृद्धि पहल के लाभार्थी विशेष रूप से नयागड़ जिले के खंडपाड़ा क्षेत्र के मछली किसान हैं, जिन्हें इस एक्सपोजर विजिट के माध्यम से दिए गए ज्ञान और प्रथाओं से काफी लाभ होगा। एक्सपोजर विजिट और व्यापक प्रशिक्षण के माध्यम से, टीपीसीओडीएल का लक्ष्य ग्रामीण समुदायों का उत्थान करना और टिकाऊ कृषि की संस्कृति का पोषण करना है।

ଚିପିସିଓଡିଏଲ୍ ‘ସମୃଦ୍ଧି’ ଜରିଆରେ ସିଆରପିଙ୍କ ପରିଦର୍ଶନ

ଭୁବନେଶ୍ୱର, ୧୬/୫ (ଇମିପ): ଚିପି ମେଣ୍ଟାଲ୍ ଓଡିଶା ଡିଷ୍ଟ୍ରିବ୍ୟୁସନ୍ ଲିମିଟେଡ୍ (ଚିପିସିଓଡିଏଲ୍) ଏହାର କର୍ପୋରେଟ୍ ସାମାଜିକ ଦାୟିତ୍ୱବୋଧ ଅଭିଯାନ ‘ସମୃଦ୍ଧି’ ଜରିଆରେ ୨୦ ଜଣ କମ୍ୟୁନିଟି ରିସୋର୍ସ ପର୍ସନ୍ (ସିଆରପି)ଙ୍କୁ ଭୁବନେଶ୍ୱର ପରିଦର୍ଶନରେ ଆଣିଯାଇଥିଲା। ଏହି ଅବସରରେ ସିଆରପିମାନଙ୍କୁ ମହାବୀରୀ ବିଷୟରେ ଉନ୍ନତ ଜ୍ଞାନ ଓ ଦୀର୍ଘସମୟ ଅଭ୍ୟାସ ବିଷୟରେ ଅବଗତ କରିବା ଏବଂ ମହାବୀରୀମିତାର ପ୍ରସାର କରିବା ପାଇଁ ଜାତୀୟ ମହାସ ବିକାଶ ବୋର୍ଡ (ଏନ୍ଏପ୍ଡିବି) ଓ କେନ୍ଦ୍ରୀୟ ମଧୁରଜଳ ମହାସ ପାଳନ ଗବେଷଣା ସଂସ୍ଥା ପରିଦର୍ଶନ କରାଯାଇଥିଲା। ଅଂଶଗ୍ରହଣକାରୀମାନଙ୍କୁ ଏନ୍ଏପ୍ଡିବିର ବିଶେଷଜ୍ଞମାନେ ବ୍ୟାପକ ତାଲିମ ପ୍ରଦାନ କରି ମହାସ ପ୍ରକାଶ ଚକ୍ର, ଦୀର୍ଘସମୟ ମହାବୀରୀ କୌଶଳ, ଜଳ ପରୀକ୍ଷଣ ପଦ୍ଧତି ଓ ମହାବୀରୀ ପାଇଁ ଭିଡିଓ ଗ୍ରହଣ କରି ବିଭିନ୍ନ ବିଷୟରେ ତାଲିମ ଦେଇଥିଲେ। ସିଆରପିମାନେ ପରବର୍ତ୍ତୀ ସମୟରେ ୩୬୦ ଏକର ଜଳଖଣ୍ଡରେ ବ୍ୟାପିଥିବା ୧୦ ଉତ୍ପାଦକ ଦଳରେ ୬୦୦ରୁ ଅଧିକ ଚାଷୀଙ୍କ ମଧ୍ୟରେ ବାଣ୍ଟିବେ। ଏଥିରେ ମୁଖ୍ୟତଃ ନୟାଗଡ଼ ଜିଲ୍ଲାର ଖଣ୍ଡପଡ଼ା ଅଞ୍ଚଳର ମହାବୀରୀ ଉପକୂଳ ହେବେ। ଚିପିସିଓଡିଏଲ୍ ମିଛ ଓ ଅଭିଭୂତ ସିଂହ କାର୍ଯ୍ୟକ୍ରମରେ ଉପସ୍ଥିତ ଥିଲେ।

Synopsis: TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power Company Limited and the Government of Odisha, continues its commitment towards rural development through its innovative Corporate Social Responsibility (CSR) initiative, Samriddhi (A Multi-Stakeholder initiative in collaboration with Pantiss Center for Just Transition, NITCON Social Foundation and GIZ-Germany). In line with its mission to nurture sustainable economic growth in rural communities, under the Samriddhi Project, TPCODL organized an exposure visit for 20 Community Resource Persons (CRPs-) from the Samriddhi Project Implementation Site to the National Fishery Development Board (NFDB) and Central Institute of Freshwater Aquaculture, Bhubaneswar.

The exposure visit, held under the Samriddhi initiative, aimed at equipping CRPs with advanced knowledge and sustainable practices in aquaculture and promoting aquapreneurship. Participants received comprehensive training from experts at NFDB, covering various aspects including fish species identification, sustainable fish farming practices, water testing methodologies, and infrastructural arrangements for fish farming.

Synopsis: TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power Company Limited and the Government of Odisha, continues its commitment towards rural development through its innovative Corporate Social Responsibility (CSR) initiative, Samriddhi (A Multi-Stakeholder initiative in collaboration with Pantiss Center for Just Transition, NITCON Social Foundation and GIZ-Germany). In line with its mission to nurture sustainable economic growth in rural communities, under the Samriddhi Project, TPCODL organized an exposure visit for 20 Community Resource Persons (CRPs-) from the Samriddhi Project Implementation Site to the National Fishery Development Board (NFDB) and Central Institute of Freshwater Aquaculture, Bhubaneswar.

The exposure visit, held under the Samriddhi initiative, aimed at equipping CRPs with advanced knowledge and sustainable practices in aquaculture and promoting aquapreneurship. Participants received comprehensive training from experts at NFDB, covering various aspects including fish species identification, sustainable fish farming practices, water testing methodologies, and infrastructural arrangements for fish farming.

TPCODL organizes blood donation camps, 307 units collected

STATESMAN NEWS SERVICE
BHUBANESWAR, 30 MAY:

TP Central Odisha Distribution Limited (TPCODL), organized multiple blood donation camps across its operational areas under the Mission Jeevan program. Despite the scorching heat, volunteers turned out in large numbers.

On World Thalassemia Day, TPCODL held a major blood donation camp at the Puri Electrical Division in collaboration with the Odisha Blood Center and the District Headquarters Hospital, Puri. Employees eagerly participated, reaffirming their dedication to community welfare.

Additionally, a camp was held at the Nayagarh Electrical Division in association with the Nayagarh District Blood Bank. The event was inaugurated by Dr. Ramakant Panda, Chief District Medical & Health Officer, and Dr. Ajay Kumar Bahinipati, District Medical Officer of Nayagarh District, said a release issued by TPCODL.

TPCODL also teamed up with the Indian Red Cross Society to host blood donation camps at the Salepur and Cuttack Electrical Divisions. Similarly, Marshaghai saw active participation from employees. Another camp was organized at the Nima-

pada division.

The response to the Blood donation initiative was overwhelming, with 36 donors at Marshaghai, 50 donors at Salepur, 45 donors at CDD-1, 62 donors at Nimapada, 52 donors at Puri and 62 donors at Nayagarh, totalling 307 donors.

Mr. Arvind Singh, CEO of TPCODL, said, "We are immensely proud of our team's unwavering commitment to the community. The overwhelming participation in our blood donation camps, despite the challenging weather, reflects our employees' dedication to saving lives and supporting those in need".

PBD BUREAU

BHUBANESWAR, MAY 30

TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha, organized multiple blood donation camps across its operational areas under the 'MissionJeevan' program.

These camps highlight TPCODL and its volunteers' commitment to community service and empathy.

Despite the scorching heat,

TPCODL empowers lives through successful blood donation camps

volunteers turned out in large numbers, making each event a noteworthy success. Their participation is a powerful testament to the collective spirit and dedication toward saving lives.

On 'World Thalassemia Day', TPCODL held a major blood donation camp at the Puri Electrical Division in collaboration with the Odisha Blood Center and the District Headquarters Hospital, Puri. Employees eagerly participated, reaffirming their dedica-

tion to community welfare.

Additionally, a camp was held at the Nayagarh Electrical Division in association with the Nayagarh District Blood Bank. The event was inaugurated by Dr. Ramakant Panda, Chief District Medical & Health Officer, and Dr. Ajay Kumar Bahinapati, District Medical

Officer of Nayagarh District.

Their presence and support were instrumental in the camp's success.

sweltering heat, the team's enthusiasm and participation were commendable.

Similarly, Marshaghai saw

active participation from employees, reflecting their commitment to community service. Another camp was organized at the Nimapada division, where staff members braved the high summer temperatures to donate blood, demonstrating their unwavering dedication to the cause.

The response to the blood donation initiative was overwhelming, with 36 donors at Marshaghai, 50 donors at Salepur on, 45 donors at CDD-1, 62 donors at Nimapada, 52

donors at Puri and 62 donors at Nayagarh, totalling 307 donors.

Speaking on the initiative, Arvind Singh, CEO of TPCODL, said, "We are immensely proud of our team's unwavering commitment to the community. The overwhelming participation in our blood donation camps, despite the challenging weather, reflects our employees' dedication to saving lives and supporting those in need. Each drop of blood donated is a testament to our collective spirit of compassion and service."

टीपीसी ओडीएल ने सफल रक्तदान शिविरों के माध्यम से बनाया लोगों के जीवन को सशक्त

नवभारत ब्यूरो। भुवनेश्वर।

टाटा पावर और ओडिशा सरकार के संयुक्त उद्यम टीपी सेंट्रल ओडिशा डिस्ट्रीब्यूशन लिमिटेड (टीपीसीओडीएल) ने मिशन जीवन कार्यक्रम के तहत अपने परिचालन क्षेत्रों में कई रक्तदान शिविर आयोजित किए हैं। ये शिविर टीपीसीओडीएल और उसके स्वयंसेवकों की सामुदायिक सेवा और सहानुभूति के प्रति प्रतिबद्धता को उजागर करते हैं।

भीषण गर्मी के बावजूद, बड़ी संख्या में स्वयंसेवक आए, जिससे प्रत्येक कार्यक्रम एक उल्लेखनीय सफलता बन गया। उनकी भागीदारी सामूहिक भावना और जीवन बचाने के प्रति समर्पण का एक शक्तिशाली प्रमाण है।

विश्व थैलेसीमिया दिवस पर, टीपीसीओडीएल ने ओडिशा ब्लड सेंटर और जिला मुख्यालय अस्पताल, पुरी के सहयोग से पुरी इलेक्ट्रिकल डिवीजन में एक बड़ा रक्तदान शिविर आयोजित किया। कर्मचारियों ने सामुदायिक कल्याण के प्रति अपने समर्पण को पुष्टि करते हुए उत्सुकता से भाग लिया।

इसके अतिरिक्त, नयागढ़ जिला रक्त बैंक के सहयोग से नयागढ़ इलेक्ट्रिकल डिवीजन में एक शिविर आयोजित किया गया। इस कार्यक्रम का उद्घाटन मुख्य जिला चिकित्सा एवं स्वास्थ्य अधिकारी

डॉ. रमाकांत पांडा और नयागढ़ जिले के जिला चिकित्सा अधिकारी डॉ. अजय कुमार बहिनीपति ने किया। शिविर की सफलता में उनकी उपस्थिति और समर्थन महत्वपूर्ण था।

टीपीसीओडीएल ने इंडियन रेड क्रॉस सोसाइटी के साथ मिलकर सालेपुर और कटक इलेक्ट्रिकल डिवीजन में रक्तदान शिविर आयोजित किए। भीषण गर्मी के बावजूद, टीम का उत्साह और भागीदारी सराहनीय थी। इसी तरह, मर्पाघाई में कर्मचारियों की सक्रिय भागीदारी देखी गई, जो सामुदायिक सेवा के प्रति उनकी प्रतिबद्धता को दर्शाता है। नीमापाड़ा डिवीजन में एक और शिविर आयोजित किया गया, जहां कर्मचारियों ने रक्तदान करने के लिए गर्मी के मौसम में भी हिम्मत नहीं हारी और इस तरह इस अभियान के प्रति अपनी अटूट

प्रतिबद्धता का परिचय दिया।

रक्तदान पहल को लेकर लोगों की प्रतिक्रिया जबरदस्त रही, जिसमें माशाघई में 36, सालेपुर में 50, सीडीडी-1 में 45, नीमापाड़ा में 62, पुरी में 52 और नयागढ़ में 62 यानी कुल 307 रक्तदाता शामिल हुए।

इस पहल पर बोलते हुए टीपीसीओडीएल के सीईओ अरविंद सिंह ने कहा, हमें अपनी टीम की समुदाय के प्रति अटूट प्रतिबद्धता पर बेहद गर्व है। चुनौतीपूर्ण मौसम के बावजूद हमारे रक्तदान शिविरों में लोगों की भारी भागीदारी हमारे कर्मचारियों के जीवन बचाने और जरूरतमंदों की सहायता करने के समर्पण को दर्शाती है। दान की गई रक्त की प्रत्येक बूंद हमारी करुणा और सेवा की सामूहिक भावना का प्रमाण है।

These camps highlight TPCODL's and its volunteers' commitment to community service and empathy.

Despite the scorching heat, volunteers turned out in large numbers, making each event a noteworthy success. Their participation is a powerful testament to the collective spirit and dedication toward saving lives.

On #WorldThalassemiaDay, TPCODL held a major blood donation camp at the Puri Electrical Division in collaboration with the Odisha Blood Center and the District Headquarters Hospital, Puri. Employees eagerly participated, reaffirming their dedication to community welfare.

Additionally, a camp was held at the Nayagarh Electrical Division in association with the Nayagarh District Blood Bank. The event was inaugurated by Dr. Ramakant Panda, Chief District Medical & Health Officer, and Dr. Ajay Kumar Bahinipati, District Medical Officer of Nayagarh District. Their presence and support were instrumental in the camp's success.
