TPCODL to solarise 1 lakh households

STATESMAN NEWS SERVICE
BHUBANESWAR, 7 SEPTEMBER:

TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and Government of Odisha has set an ambitious target of installing one lakh rooftop solar power system for residential consumers. This would ensure addition of 300 MW solar power in distributed generation mode and would reduce carbon dioxide emission by 4.5 lakh tons per annum.

For setting up rooftop solar power plants consumers can avail a Central Financial Assistance of up to Rs 78,000 for 3 kW system. Residents of Bhubaneswar city can avail additional State subsidy @ Rs 20,000

per kW of installed capacity under the Green City Mission. Bank finance up to Rs 2 Lakh is available at 7% interest and a tenor of 120 months with no pre-payment penalties. Residential Welfare Associations/Group Housing Societies can set up rooftop systems to offset their common area power consumption @ 3 kW per household and can avail central subsidy @ Rs 18,000 per kW. The maximum capacity for RWA/GHS is limited to 500 kW under the net metering regulations, said a release issued by the discom.

TPCODL has empanelled 75 vendors to provide installation support to customer including supply of approved systems/ components.

TPCODL to solarize 1 lakh residential buildings under 'PM-Suryaghar: Muft Bijli Yojana'

PBO BUREAU

BHUBANESWAR, SEP 7

TATA Power Central Odisha Distribution Limited (TPCODL), designated as the State Implementing Agency for the 'PM-Suryaghar: Muft Bijli Yojana' in its service area, has set an ambitious target of installing one lakh rooftop solar power systems for residential consumers. This initiative will add 300 MW of solar power through distributed generation mode and reduce carbon dioxide emissions by 4.5 lakh tons per year.

Consumers setting up rooftop solar power systems can avail themselves of Central Financial Assistance of up to Rs

78,000 for a 3 kW system. Residents of Bhubaneswar can benefit from an additional State subsidy of Rs 20,000 per kW of installed capacity under the Green City Mission. Bank financing of up to Rs 2 lakh is available at a 7 per cent interest rate with a tenor of 120 months and no pre-payment penalties. Residential Welfare Associations (RWAs) and Group Housing Societies (GHSs) can install rooftop systems to offset common area power consumption, with subsidies of Rs 18,000 per kW. The maximum capacity for RWAs/GHSs is limited to 500 kW under net metering regulations.

Consumers adopting the scheme can reduce their grid power consumption by approximate-

ly 1,200 units per kW of installed capacity, making a meaningful contribution to combating global warming, climate change, and promoting sustainable development. Interested customers can visit www.pmsuryaghar.gov.in for registration, application submission, vendor

selection, and comprehensive guidance on the process. TPCODL has empanelled 75 vendors to support installations, including the supply of approved systems and components. TPCODL will inspect and certify each system before connecting it to the grid.

PM-Suryaghar: Muft

Bijli Yojana is a program that aligns perfectly with our broader mission of promoting sustainable energy solutions across Central Odisha. By providing clean, renewable energy options, this initiative not only alleviates the financial burden on households but also encourages a more environmentally conscious lifestyle. With flexible financing options and extensive consumer support, we aim to make the transition to solar energy as smooth and accessible as possible. Our commitment is to deliver a hassle-free installation experience while empowering every participant to contribute to a greener, more sustainable future," said Arvind Singh, CEO of TPCODL.

PM-SURYAGHAR: MUFT BIJLI YOJANA

TPCODL to install 1L solar panels

POST NEWS NETWORK

Bhubaneswar, Sept 8: TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the state government has set an ambitious target of installing one lakh rooftop solar power system for residential consumers in order to reduce carbon dioxide emission.

The initiative would ensure addition of 300 MW solar power in distributed generation mode and would reduce Co2 emission by 4.5 lakh tons per annum.

For setting up of the rooftop solar panels, consumers can avail a central financial assistance of up to ₹78,000 for 3 kW system. Residents of the Capital city can avail additional state subsidy at ₹20,000 per kW of installed capacity under the Green City Mission.

Bank finance up to ₹2 lakh is available at 7 per cent interest and a tenor of 120 months with no pre-payment penalties. Residential welfare associations or group housing societies can set up rooftop systems to offset their common area power consumption at 3 kW per household, and

Central financial assistance and easy financing options to all residential consumers	Special state subsidy to residents of Bhubaneswar under Green City Mission
--	--

Initiative promotes sustainable energy and reduces carbon footprint

can avail central subsidy at ₹18,000 per kW. Consumers adopting the scheme can reduce their grid power consumption by about 1,200 units per kW of installed capacity and simultaneously contribute towards global warming, climate change and sustainable development.

Interested customers can login to www.pmsuryaghar.gov.in for

registration, application submission, vendor selection and end-to-end guidance on the processes.

TPCODL is the designated state implementing agency for the 'PM-Suryaghar: Muft Bijli Yojana' within its service area.

"By providing clean, renewable energy options, the initiative not only significantly reduces the financial burden on households but also facilitates a more environmentally conscious lifestyle for our consumers. With flexible financing options and extensive consumer support, we aim to make the transition to solar energy smooth and accessible to all," said TPCODL CEO Arvind Singh.

Synopsis - TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and Government of Odisha is the designated State Implementing Agency for the PM-Suryaghar: Muft Bijli Yojana within its service area. It has set an ambitious target of installing one lakh rooftop solar power system for residential consumers. This would ensure addition of 300 MW solar power in distributed generation mode and would reduce carbon dioxide emission by 4.5 lakh tons per annum.

For setting up rooftop solar power plants consumers can avail a Central Financial Assistance of up to Rs 78,000 for 3 kW system. Residents of Bhubaneswar city can avail additional State subsidy @ Rs 20,000 per kW of installed capacity under the Green City Mission. Bank finance up to Rs 2 Lakh is available at 7% interest and a tenor of 120 months with no pre-payment penalties. Residential Welfare Associations/Group Housing Societies can set up rooftop systems to offset their common area power consumption@ 3 kW per household and can avail central subsidy @ Rs 18,000 per kW. The maximum capacity for RWA/GHS is limited to 500 kW under the net metering regulations. Consumers adopting the scheme can reduce their grid power consumption by about 1200 units per kW of installed capacity and ~simultaneously~ make a unique contribution to global warming, climate change and sustainable development.

TPCODL to Solarise One Lakh Residential Buildings under PM-Suryaghar: Muft Bijli Yojana

Bhubaneswar, (ENS): TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and Government of Odisha is the designated State Implementing Agency for the PM-Suryaghar: Muft Bijli Yojana within its service area. It has set an ambitious target of installing one lakh rooftop solar power system for residential consumers. This would ensure addition of 300 MW solar power in distributed generation mode and would reduce carbon dioxide emission by 4.5 lakh tons per annum.

For setting up rooftop solar power plants consumers can avail a Central Financial Assistance of up to Rs 78,000 for 3 kW system. Residents of Bhubaneswar city can avail additional State subsidy @ Rs 20,000 per kW of installed capacity under the Green City Mission. Bank finance up to Rs 2 Lakh is available at 7% interest and a tenor of 120 months with no

pre-payment penalties. Residential Welfare Associations/Group Housing Societies can set up rooftop systems to offset their common area power consumption @ 3 kW per household and can avail central subsidy @ Rs 18,000 per kW. The maximum capacity for RWA/GHS is limited to 500 kW under the net metering regulations. Consumers adopting the scheme can reduce their grid power consumption by about 1200 units per kW of installed capacity and ~simultaneously~ make a unique contribution to global warming, climate change and sustainable development.

Interested customers can login to www.pmsuryaghar.gov.in for registration, application submission, vendor selection and end-to-end guidance on the processes. TPCODL has empaneled 75 vendors to provide installation support to customer including supply of approved systems/

components. TPCODL will inspect and certify every system before connecting to grid.

“PM-Suryaghar: Muft Bijli Yojana, is a program that perfectly aligns with our broader mission of fostering sustainable energy solutions across Central Odisha. By providing clean, renewable energy options, this initiative not only significantly reduces the financial burden on households but also facilitates a more environmentally conscious lifestyle for our consumers. With flexible financing options and extensive consumer support, we aim to make the transition to solar energy smooth and accessible to all. Our commitment is to deliver a hassle-free installation experience while ensuring that every participant in this program is empowered to actively contribute to a greener, more sustainable future,” said Arvind Singh, CEO, TPCODL.

टीपीसी ओडीएल एक लाख आवासीय भवनों को सौर ऊर्जा से सुसज्जित करेगा

पीएम-सूर्यघर: मुफ्त बिजली योजना सभी आवासीय उपभोक्ताओं को केंद्रीय वित्तीय सहायता और आसान वित्तपोषण विकल्प ग्रीन सिटी मिशन के तहत भुवनेश्वर शहर के निवासियों को विशेष राज्य सक्षिडी

नवभारत ब्यूरो। भुवनेश्वर।

टाटा पावर और ओडिशा सरकार का संयुक्त उद्यम टीपी सेंट्रल ओडिशा डिस्ट्रीब्यूशन लिमिटेड (टीपीसीओडीएल) अपने सेवा क्षेत्र के भीतर पीएम-सूर्यघर: मुफ्त बिजली योजना के लिए नामित राज्य कार्यान्वयन एजेंसी है। इसने आवासीय उपभोक्ताओं के लिए एक लाख छत सौर ऊर्जा प्रणाली स्थापित करने का महत्वाकांक्षी लक्ष्य निर्धारित किया है। इससे वितरित उत्पादन मॉड में 300 मेगावाट सौर ऊर्जा को शामिल किया जा सकेगा और कार्बन डाईऑक्साइड उत्सर्जन में 4.5 लाख टन प्रति वर्ष की कमी आएगी। छत पर सौर ऊर्जा संयंत्र स्थापित करने के लिए उपभोक्ता 3 किलोवाट प्रणाली के लिए 78,000 रुपये तक की केंद्रीय वित्तीय सहायता का लाभ

उठा सकते हैं। भुवनेश्वर शहर के निवासी ग्रीन सिटी मिशन के तहत स्थापित क्षमता के 20,000 रुपये प्रति किलोवाट की दर से अतिरिक्त राज्य सक्षिडी का लाभ उठा सकते हैं। 2 लाख रुपये तक का बैंक वित्त 7% ब्याज और 120 महीने की अवधि में उपलब्ध है जिसमें कोई पूर्व-भुगतान दंड नहीं है।

इस योजना को अपनाने वाले उपभोक्ता अपनी छिड़ बिजली की खपत को लगभग 1200 इकाइयों प्रति किलोवाट स्थापित क्षमता तक कम कर सकते हैं और साथ ही साथ ग्लोबल वार्मिंग, जलवायु परिवर्तन और सतत विकास में एक अद्वितीय योगदान दे सकते हैं। इच्छुक ग्राहक पंजीकरण, आवेदन जमा करने, विक्रेता चयन और प्रक्रियाओं पर एंड-टू-एंड

मार्गदर्शन के लिए पीएम सूर्यघर केबसाइट पर लगिन कर सकते हैं। टीपीसीओडीएल ने 75 विक्रेताओं को अनुमोदित प्रणालीय/घटकों की आपूर्ति सहित ग्राहक को स्थापना सहायता प्रदान करने के लिए पैन्ल किया है। टीपीसीओडीएल छिड़ से कनेक्ट करने से पहले हर सिस्टम का निरीक्षण और प्रमाणित करेगा।

टीपीसीओडीएल के सीईओ अरविंद सिंह ने कहा पीएम-सूर्यघर: मुफ्त बिजली योजना, एक ऐसा कार्यक्रम है जो मध्य ओडिशा में स्थानीय ऊर्जा समाधानों को बढ़ावा देने के हमारे व्यापक मिशन के साथ पूरी तरह से संरेखित है। स्वच्छ, नवीकरणीय ऊर्जा विकल्प प्रदान करके, यह पहल न केवल घरों पर वित्तीय बोझ को काफी कम करती है बल्कि हमारे उपभोक्ताओं के लिए अधिक पर्यावरण के प्रति जागरूक जीवन शैली को सुविधा भी प्रदान करती है। लचीले वित्तपोषण विकल्पों और व्यापक उपभोक्ता सहायता के साथ हमारा उद्देश्य सौर ऊर्जा में संक्रमण को सभी के लिए चिकनी और सुलभ बनाना है। हमारी प्रतिबद्धता यह सुनिश्चित करते हुए एक परेशानी मुक्त स्थापना अनुभव प्रदान करना है कि इस कार्यक्रम में प्रत्येक प्रतिभागी को हरित, अधिक टिकाऊ भविष्य में सक्रिय रूप से योगदान करने का अधिकार है।

TPCODL felicitated at ESRI users conf

STATESMAN NEWS SERVICE

BHUBANESWAR, 9 SEPTEMBER:

TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and Government of Odisha, has been honoured at the 'Energy Summit: Empowering Utilities with GIS' track of the UC2024 - ESRI India User Conference in Delhi.

Using ESRI GIS software, TPCODL has successfully

mapped its entire 33 kV, 11 kV and LT overhead and underground network, including all 33/11 kV Primary Substations, 11/0.4 kV Distribution Substations and EHT, HT and LT consumers across a vast 30,000 sq. km area. GIS now serves as the master asset base, enhancing both commercial and operational efficiency. Dhruba Banerjee, Head of GIS at TPCODL, received the award

on behalf of the team.

Arvind Singh, CEO of TPCODL, said, "We are proud to be recognized for our large-scale GIS deployment, which is truly unique in an urban-rural geography of this size. Leveraging cutting-edge technology like ESRI GIS has enabled us to enhance operational efficiency and better serve our consumers across 30,000 sq. km".

TPCODL wins award for innovative GIS deployment at UC2024 conference

PBD BUREAU
 BHUBANESWAR, SEP 9

TATA Power Central Odisha Distribution Limited (TPCODL) has been honoured at the 'Energy Summit: Empowering Utilities with GIS' track of the UC2024 - ESRI India User Conference in New Delhi. Over the past four years, TPCODL has executed a large-scale deployment of Geographical Information System (GIS) technology, covering extensive urban and rural areas.

Utilizing ESRI GIS software, TPCODL has meticulously mapped its entire 33 kV, 11 kV, and LT overhead and under-

ground network, including all 33/11 kV Primary Substations, 11/0.4 kV Distribution Substations, and various consumer categories across a sprawling 30,000 sq. km area. GIS has become the cornerstone of TPCODL's asset management, significantly boosting both commercial and operational efficiency.

The integration of GIS benefits into enterprise applications such as SAP ISU, SAP CRM, Meter Data Management (MDM) System, Network Planning

Software, Energy Audit application, Advanced Distribution Management System (ADMS), and Permit to Work (PTW) Management System has begun to yield positive results.

TPCODL's GIS initiative, titled "Paradigm Shift in Operations using GIS at TPCODL" was showcased at the UC2024 conference. ESRI, a leading global GIS software provider, acknowledged TPCODL's inno-

vative approach.

Dhruba Banerjee, Head of GIS at TPCODL, accepted the award on behalf of the team.

Commenting on the recognition, TPCODL CEO Arvind Singh said, "We are proud to be recognized for our large-scale GIS deployment, which is truly unique in an urban-rural geography of this size. Leveraging cutting-edge technology like ESRI GIS has enabled us to enhance operational efficiency and better serve our consumers across 30,000 sq. km. This achievement reflects our commitment to Innovative Adoption & Deployment of Technology towards achieving excellence in power distribution."

TPCODL feted for GIS deployment

ARINDAM GANGULY, OP

Bhubaneswar, Sept 9: TP Central Odisha Distribution Limited (TP-CODL) was felicitated at the 'Energy Summit: Empowering Utilities with GIS' during the ESRI India User Conference in New Delhi recently.

TPCODL CEO Arvind Singh said, "We are proud to be recognised for large-scale Geographic Information System (GIS) deployment, which is truly unique in an urban-rural geography of this size. Leveraging cutting-edge technology like Environmental Systems Research Institute (ESRI) GIS has enabled us to enhance operational efficiency and better serve consumers across 30,000 sq km area."

"Over the past four years, TP-CODL has demonstrated a large-scale deployment of GIS technology, covering both urban and rural geographies," he said.

The consolidation of GIS benefits began with its integration into various enterprise applications such as SAP ISU, SAP CRM, Meter Data Management (MDM) System, Network Planning Software and Energy Audit application.

ଟିପିସିଓଡିଏଲରେ ଜିଆଇଏସ୍ ମୁଖ୍ୟ ଧ୍ରୁବ ବାନାର୍ଜୀ ସମ୍ମାନ ଗ୍ରହଣ କରିଛନ୍ତି। ଗତ ବାର ବର୍ଷ ମଧ୍ୟରେ ଟିପିସିଓଡିଏଲ ପକ୍ଷରୁ ଉତ୍କଳ ସହରାଞ୍ଚଳ ଓ ଗ୍ରାମାଞ୍ଚଳରେ ଜିଆଇଏସ୍ ବ୍ୟବସ୍ଥା ହୋଇଛି। ଇଏସଆରଆଇ ଜିଆଇଏସ୍ ସଫ୍ଟୱେୟାର ବ୍ୟବହାର କରି ଟିପିସିଓଡିଏଲ ସମସ୍ତ ୩୩/୧୧ କେଭି ସବଷ୍ଟେସନ, ୧୧/୦.୪ କେଭି ବଣ୍ଟନ ସବଷ୍ଟେସନ, ଇଏସ୍ଟି, ଏସ୍ଟି ଓ ଏଲ୍ଟି ଗ୍ରାହକମାନଙ୍କ ସମେତ ୩୦ ହଜାର ବର୍ଗ କିଲୋମିଟର ଅଞ୍ଚଳରେ ୩୩ କେଭି ଓ ଏଲ୍ଟି ଓଭରହେଡ ଓ ଭୂତଳ ନେଟୱାର୍କକୁ ସଫଳତାର ସହ ମ୍ୟାପିଂ କରାଯାଇଛି। ଟିପିସିଓଡିଏଲର ସିଇଓ ଅରଭିନ୍ଦ ସିଂହ କହିଛନ୍ତି ଯେ, 'ଜିଆଇଏସ୍ ମୃତ୍ତମନକୁ ମାନ୍ୟତା ମିଳିଥିବାରୁ ଟିପିସିଓଡିଏଲ୍ ଗର୍ବିତ। ଏହି ଅତ୍ୟାଧୁନିକ ପ୍ରଯୁକ୍ତି ବ୍ୟବହାର ଫଳରେ ପରିଚାଳନା ଦକ୍ଷତାରେ ଉନ୍ନତି ହୋଇଛି।

Synopsis - TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and Government of Odisha, has been honoured at the 'Energy Summit: Empowering Utilities with GIS' track of the UC2024 - ESRI India User Conference in Delhi.

Over the past four years, TPCODL has demonstrated a large-scale deployment of Geographical Information System (GIS) technology, covering both urban and rural geographies.

Using ESRI GIS software, TPCODL has successfully mapped its entire 33 kV, 11 kV and LT overhead and underground network, including all 33/11 kV Primary Substations, 11/0.4 kV Distribution Substations and EHT, HT and LT consumers across a vast 30,000 sq. km area. GIS now serves as the master asset base, enhancing both commercial and operational efficiency.

The consolidation of GIS benefits has begun with its integration into various enterprise applications such as SAP ISU, SAP CRM, Meter Data Management (MDM) System, Network Planning Software, Energy Audit application, Advanced Distribution Management System (ADMS) and Permit to Work (PTW) Management System.

TPCODL Recognized for Unique Approach towards - Scale GIS Deployment at Energy Summit, New Delhi

Bhubaneswar, (ENS): TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and Government of Odisha, has been honoured at the 'Energy Summit: Empowering Utilities with GIS' track of the UC2024 - ESRI India User Conference in Delhi.

Over the past four years, TPCODL has demonstrated a large-scale deployment of Geographical Information System (GIS) technology, covering both urban and rural geographies.

Using ESRI GIS software, TPCODL has successfully mapped its entire 33 kV, 11 kV and LT overhead and underground network, including all 33/11 kV Primary Substations, 11/0.4 kV Distribution Substations and EHT, HT

and LT consumers across a vast 30,000 sq. km area. GIS now serves as the master asset base, enhancing both commercial and operational efficiency.

The consolidation of GIS benefits has begun with its integration into various enterprise applications such as SAP ISU, SAP CRM, Meter Data Management (MDM) System, Network Planning Software, Energy Audit application, Advanced Distribution Management System (ADMS) and Permit to Work (PTW) Management System.

TPCODL's GIS implementation, titled "Paradigm Shift in Operations using GIS at TPCODL," was presented at the UC2024 conference. ESRI, a global leader in GIS

software, recognized TPCODL's unique approach. Dhruba Banerjee, Head of GIS at TPCODL, received the award on behalf of the team.

Commenting on the recognition, Arvind Singh, CEO of TPCODL, said, "We are proud to be recognized for our large-scale GIS deployment, which is truly unique in an urban-rural geography of this size. Leveraging cutting-edge technology like ESRI GIS has enabled us to enhance operational efficiency and better serve our consumers across 30,000 sq. km. This achievement reflects our commitment to Innovative Adoption & Deployment of Technology towards achieving excellence in power distribution."

TPCODL launches campaign to promote solar rooftop solutions in Odisha

PBD BUREAU

BHUBANESWAR, SEP 20

IN a significant step towards sustainability, TP Central Odisha Distribution Limited (TPCODL) has unveiled a mass awareness campaign aimed at promoting solar rooftop solutions throughout Central Odisha. This initiative leverages the region's abundant solar resources and supports the PM Surya Ghar Muft Bijli Yojana (PMSGMBY).

The campaign was inaugurated at TPCODL's Management Development Centre in Bhubaneswar by CEO Arvind Singh and Shivram Bikkina, Chief of Solar Rooftop & EV Charging Business at Tata Power Renewable Energy Limited. The launch event emphasized the importance of educating residential, commercial, and industrial sectors on the benefits of solar energy, available subsidies, and the installation process.

As part of the initiative, TPCODL recognized early adopters of solar energy as "Green Champions." These individuals shared their journeys toward sustainability, inspiring others to follow suit. The event drew over 50 participants, including members from Residential Welfare Associations and Commercial & Industrial (C&I) Associations, highlighting a collective effort to transition to clean energy.

Under the PMSGMBY, consumers can receive

Central Financial Assistance of up to Rs 78,000 for a 3kW rooftop solar system. Residents of Bhubaneswar are also eligible for an additional state subsidy of Rs 20,000 per kW through the Green City Mission. Additionally, bank loans of up to Rs 2 lakh are offered at a 7 per cent interest rate, with a 120-month tenure and no pre-payment penalties. Group Housing Societies can install rooftop systems to offset common area power usage, receiving a central subsidy of Rs 18,000 per kW for installations up to 500 kW. By adopting solar energy, consumers can significantly reduce their grid power consumption, contributing to climate change mitigation.

Emphasizing the campaign's broader vision, TPCODL CEO Arvind Singh said, "Our commitment to promoting renewable energy solutions is unwavering. This initiative is not just about installing solar rooftops; it's about creating lasting change for a sustainable future. We aim to empower residents and businesses to embrace solar energy and contribute to a greener Odisha."

With this launch, the solar awareness campaign now spans the entire state. Odisha currently boasts an installed solar capacity of around 460 MW, with ambitious plans for expansion.

Consumers can avail the benefits from the scheme by applying on: <https://www.pmsuryaghara.gov.in/>.

TPCODL leads the change; unveils Mass Awareness Campaign to drive widespread Solar Rooftop Solutions

Bhubaneswar, (AoBureau): TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and Government of Odisha, has launched a mass awareness campaign to promote the adoption of solar rooftop solutions across Central Odisha. This initiative taps into the region's abundant solar resources and supports the PM Surya Ghar Muft Bijli Yojana (PMSGMBY). The campaign was officially inaugurated at T P C O D L ' s M a n a g e m e n t Development Centre (MDC) in Baramunda, Bhubaneswar, by Arvind Singh, CEO, TPCODL and Shivram

Bikkina, Chief- Solar Rooftop & EV Charging Business, Tata Power Renewable Energy Limited. The event marked the start of a significant push to promote rooftop solar installations, aimed at educating residential, commercial and industrial entities on the benefits of solar energy, available subsidies and the installation process. As part of the

campaign, TPCODL recognised early adopters of solar energy as 'Green Champions' for their commitment to sustainability and eco-friendly practices. These champions shared their experiences during the event. More than 50 participants, including Residential Welfare Associations and Commercial & Industrial (C&I) Associations, attended the event,

underscoring the collective effort to transition to clean energy. Under the PM Surya Ghar Muft Bijli Yojana (P M S G M B Y) , consumers can receive Central Financial Assistance of up to ₹78,000 for a 3 kW rooftop solar system. Bhubaneswar residents are also eligible for an additional state subsidy of ₹20,000 per kW under the Green City Mission.

Synopsis: TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and Government of Odisha, has launched a mass awareness campaign to promote the adoption of solar rooftop solutions across Central Odisha. This initiative taps into the region's abundant solar resources and supports the PM Surya Ghar Muft Bijli Yojana (PMSGMBY).

The campaign was officially inaugurated at TPCODL's Management Development Centre (MDC) in Baramunda, Bhubaneswar, by Arvind Singh, CEO, TPCODL and Shivram Bikkina, Chief- Solar Rooftop & EV Charging Business, Tata Power Renewable Energy Limited. The event marked the start of a significant push to promote rooftop solar installations, aimed at educating residential, commercial and industrial entities on the benefits of solar energy, available subsidies and the installation process.

As part of the campaign, TPCODL recognised early adopters of solar energy as 'Green Champions' for their commitment to sustainability and eco-friendly practices. These champions shared their experiences during the event. More than 50 participants, including Residential Welfare Associations and Commercial & Industrial (C&I) Associations, attended the event, underscoring the collective effort to transition to clean energy.

TPCODL leads the change; unveils Mass Awareness Campaign to drive widespread Solar Rooftop Solutions

Bhubaneswar, (ENS):TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and Government of Odisha, has launched a mass awareness campaign to promote the adoption of solar rooftop solutions across Central Odisha. This initiative taps into the region's abundant solar resources and supports the PM Surya Ghar Muft Bijli Yojana (PMSGMBY). The campaign was officially inaugurated at TPCODL's Management Development Centre (MDC) in Baramunda, Bhubaneswar, by Arvind Singh, CEO, TPCODL and Shivram Bikkina, Chief- Solar Rooftop & EV Charging Business, Tata Power Renewable Energy Limited. The

event marked the start of a significant push to promote rooftop solar installations, aimed at educating residential, commercial and industrial entities on the benefits of solar energy, available subsidies and the installation process.

As part of the campaign, TPCODL recognised early adopters of solar energy as 'Green Champions' for their commitment to sustainability and eco-friendly practices. These champions shared their experiences during the event. More than 50 participants, including Residential Welfare Associations and Commercial & Industrial (C&I) Associations, attended the event, underscoring the

collective effort to transition to clean energy.

Under the PM Surya Ghar Muft Bijli Yojana (P M S G M B Y) , consumers can receive Central Financial Assistance of up to ₹78,000 for a 3 kW rooftop solar system. Bhubaneswar residents are also eligible for an additional state subsidy of ₹20,000 per kW under the Green City Mission. Furthermore, bank loans of up to ₹2 lakh are available at a 7% interest rate with a 120-month tenure and no prepayment penalties. RWAs and Group Housing Societies (GHS) can install rooftop solar systems to offset common area power usage, with a central subsidy of ₹18,000 per kW, up to 500 kW.

टीपीसी ओडीएल ने परिवर्तन की दिशा में कदम बढ़ाया

किए। 50 से अधिक प्रतिभागियों, जिसमें आवासीय कल्याण संघ और वाणिज्यिक एवं औद्योगिक संघ शामिल थे, ने इस कार्यक्रम में भाग लिया, जो स्वच्छ ऊर्जा की दिशा में सामूहिक प्रयास को दर्शाता है।

सौर ऊर्जा अपनाकर, उपभोक्ता प्रति किलोवाट 1,200 यूनिट की ग्रिड बिजली की खपत को कम कर सकते हैं, जिससे जलवायु परिवर्तन के खिलाफ कार्रवाई और स्थिरता में योगदान होता है।

इस अभियान पर टिप्पणी करते हुए, टीपीसीओडीएल के सीईओ अरविंद सिंह ने कहा, हम नवीकरणीय ऊर्जा समाधानों को बढ़ावा देने के प्रति अपनी प्रतिबद्धता में अडिग हैं। यह अभियान सिर्फ सौर छत स्थापित करने के बारे में नहीं है; यह हमारे समुदायों के लिए एक स्थायी भविष्य प्रदान करने के लिए एक स्थायी परिवर्तन बनाने

के बारे में है। हमारा उद्देश्य निवासियों और व्यवसायों को सौर ऊर्जा अपनाने के लिए सशक्त बनाना है, जिससे ओडिशा को हरा-भरा बनाया जा सके। इस लॉन्च के साथ, सौर जागरूकता अभियान अब पूरे ओडिशा राज्य में फैला हुआ है। वर्तमान में ओडिशा में लगभग 460 मेगावाट की स्थापित सौर क्षमता है और आने वाले वर्षों में इसे महत्वपूर्ण रूप से बढ़ाने की योजना है। राज्य की नवीकरणीय ऊर्जा नीति 2022 का उद्देश्य 2030 तक 10 गीगावाट नवीकरणीय ऊर्जा क्षमता प्राप्त करना है। टाटा पावर सोलर, जो 2 गीगावाट से अधिक सौर छत स्थापना के साथ बाजार में 13% हिस्सेदारी रखता है, नौ लगातार वर्षों से शीर्ष सौर छत ईपीसी खिलाड़ी रहा है।

TPCODL intensifies efforts against electricity theft to ensure reliable power supply

BHUBANESWAR, SEP 24

TATA Power Central Odisha Distribution Limited (TPCODL) has reaffirmed its commitment to combating electricity theft in its operational areas.

In a recent operation in the Puri Electrical Division, TPCODL uncovered a case of electricity theft involving a hotel. The hotel had tampered with its electricity meter by breaking the meter body seal and cutting the back of the meter, which was later reattached with glue to conceal the tampering. This allowed the hotel to illegally manage a load of 80 kW daily. As a result, TPCODL has

ty and has lodged an FIR against the errant consumer.

Over the past two years, TPCODL has detected more than 30 similar cases in hotels across the region.

In the current financial year, TPCODL has booked a load of 35 MW through its rigorous efforts to combat electricity theft.

By continuing its efforts to combat power pilferage, TPCODL aims to ensure a level playing field for all con-

sumers.

"At TPCODL, addressing electricity theft is a priority," said Arvind Singh, CEO of TPCODL. "It impacts the utility financially and disrupts the sense of fairness within the community," he added.

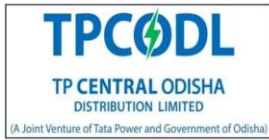

The company reiterates its commitment to taking action against those involved in electricity theft under the Indian Electricity Act of 2003.

TPCODL encourages responsible citizens to report electricity theft via WhatsApp at 9437158670, through the TPCODL website, mobile app, or by emailing enforcement@tpcentralodisha.com. Informants providing credible information will be suitably rewarded by the company, it said.

TPCODL Intensifies Efforts Against Electricity Theft to Ensure Reliable Power Supply

Bhubaneswar, (AoBureau): TP Central Odisha Distribution Limited (TPCODL) a joint venture of Tata Power and Government of Odisha, has reaffirmed its unwavering commitment to curbing electricity theft in its operational areas as part of its mission to enhance service quality and maintain competitive tariffs for its consumers. The company's enforcement team, in collaboration with its engineering wing, is actively conducting inspections and taking strict action against those involved in electricity theft. In a recent operation in the Puri Electrical

Division, TPCODL found a case of electricity theft in a hotel. The hotel had tampered its electricity meter, breaking the meter body seal and cutting the back of the meter, which was later reattached with glue to mask the tampering. This allowed the hotel to illicitly manage a load of 80 kW on a daily basis. As a result, TPCODL has raised an assessment of Rs 26.33 lakh for the stolen

electricity. Company has lodged FIR against the erring consumer. Over the past two years, TPCODL has detected more than 30 similar cases in hotels across the region. High-intensity power thieves, such as these, have been placed under close surveillance as part of the company's zero-tolerance approach to electricity theft. TPCODL remains steadfast in protecting the interests and rights of

its honest consumers. Electricity theft not only causes financial losses for the utility but also creates an unfair divide between "honest" and "dishonest" consumers, leading to social unrest among those who follow the rules. By continuing its efforts to combat power pilferage, TPCODL aims to ensure a level playing field for all consumers. "At TPCODL, addressing electricity theft is a priority," shared Mr. Arvind Singh, CEO, TPCODL. "It not only impacts the utility financially but also disrupts the sense of fairness within the community. Those who follow the rules may feel

disheartened by the actions of a few and we aim to foster a more balanced and respectful environment for everyone." The company reiterates its commitment to taking action against those involved in electricity theft under the Indian Electricity Act 2003. Under Section 135 of the Act, individuals involved in tampering with meters, making unauthorized connections, or misusing electricity can face imprisonment of up to three years, fines, or both. TPCODL encourages responsible citizens to report electricity theft via WhatsApp at 9437158670, through the TPCODL website

Synopsis: TP Central Odisha Distribution Limited (TPCODL) a joint venture of Tata Power and Government of Odisha, has reaffirmed its unwavering commitment to curbing electricity theft in its operational areas as part of its mission to enhance service quality and maintain competitive tariffs for its consumers. The company's enforcement team, in collaboration with its engineering wing, is actively conducting inspections and taking strict action against those involved in electricity theft.

In a recent operation in the Puri Electrical Division, TPCODL found a case of electricity theft in a hotel. The hotel had tampered its electricity meter, breaking the meter body seal and cutting the back of the meter, which was later reattached with glue to mask the tampering. This allowed the hotel to illicitly manage a load of 80 kW on a daily basis. As a result, TPCODL has raised an assessment of Rs 26.33 lakh for the stolen electricity. Company has lodged FIR against the erring consumer.

Over the past two years, TPCODL has detected more than 30 similar cases in hotels across the region. High-intensity power thieves, such as these, have been placed under close surveillance as part of the company's zero-tolerance approach to electricity theft.

Synopsis: TP Central Odisha Distribution Limited (TPCODL) a joint venture of Tata Power and Government of Odisha, has reaffirmed its unwavering commitment to curbing electricity theft in its operational areas as part of its mission to enhance service quality and maintain competitive tariffs for its consumers. The company's enforcement team, in collaboration with its engineering wing, is actively conducting inspections and taking strict action against those involved in electricity theft.

In a recent operation in the Puri Electrical Division, TPCODL found a case of electricity theft in a hotel. The hotel had tampered its electricity meter, breaking the meter body seal and cutting the back of the meter, which was later reattached with glue to mask the tampering. This allowed the hotel to illicitly manage a load of 80 kW on a daily basis. As a result, TPCODL has raised an assessment of Rs 26.33 lakh for the stolen electricity. Company has lodged FIR against the erring consumer.

Over the past two years, TPCODL has detected more than 30 similar cases in hotels across the region. High-intensity power thieves, such as these, have been placed under close surveillance as part of the company's zero-tolerance approach to electricity theft.

TPCODL Intensifies Efforts Against Electricity Theft to Ensure Reliable Power Supply

Bhubaneswar, (ENS):: TP Central Odisha Distribution Limited (TPCODL) a joint venture of Tata Power and Government of Odisha, has reaffirmed its unwavering commitment to curbing electricity theft in its operational areas as part of its mission to enhance service quality and maintain competitive tariffs for its consumers. The company's enforcement team, in collaboration with its engineering wing, is actively conducting inspections and taking strict action against those involved in electricity theft.

In a recent operation in the Puri Electrical

Division, TPCODL found a case of electricity theft in a hotel. The hotel had tampered its electricity meter, breaking the meter body seal and cutting the back of the meter, which was later reattached with glue to mask the tampering. This allowed the hotel to illicitly manage a load of 80 kW on a daily basis. As a result, TPCODL has raised an assessment of Rs 26.33 lakh for the stolen electricity. Company has lodged FIR against the erring consumer.

Over the past two years, TPCODL has detected more than 30 similar cases in hotels across the region. High-intensity power thieves,

such as these, have been placed under close surveillance as part of the company's zero-tolerance approach to electricity theft.

TPCODL remains steadfast in protecting the interests and rights of its honest consumers. Electricity theft not only causes financial losses for the utility but also creates an unfair divide between "honest" and "dishonest" consumers, leading to social unrest among those who follow the rules. By continuing its efforts to combat power pilferage, TPCODL aims to ensure a level playing field for all consumers.

"At TPCODL, addressing electricity theft

is a priority," shared Mr. Arvind Singh, CEO, TPCODL. "It not only impacts the utility financially but also disrupts the sense of fairness within the community. Those who follow the rules may feel disheartened by the actions of a few and we aim to foster a more balanced and respectful environment for everyone."

The company reiterates its commitment to taking action against those involved in electricity theft under the Indian Electricity Act 2003. Under Section 135 of the Act, individuals involved in tampering with meters,

making unauthorized connections, or misusing electricity can face imprisonment of up to three years, fines, or both.

TPCODL encourages responsible citizens to report electricity theft via WhatsApp at 9437158670, through the TPCODL website, mobile app, or by emailing enforcement@tpcodl.com. Informants who provide credible information will be suitably rewarded by the company.

In the current financial year, TPCODL has booked a load of 35 MW through its rigorous efforts to combat electricity theft.

TPCODL wins SKOCH Awards

STATESMAN NEWS SERVICE

BHUBANESWAR, 29 SEPTEMBER:

TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and Government of Odisha, has been conferred with the prestigious SKOCH Awards 2024 at the 99th SKOCH Summit, held at Delhi.

Recognized for its cutting-edge initiatives, TPCODL has been awarded the Gold Award for "Digitally Karan – Online Payment" and the Silver Award for "Digitalization of the Procurement Process". These innovations have driven a five-fold increase in digital

electricity payments, significantly enhancing customer service convenience.

Arvind Singh, CEO, TPCODL, remarked, "This recognition underscores our commitment to driving innovation, enhancing customer service and elevating operational efficiency. It is a tribute to the dedication and hard work of our teams. "

Instituted in 2003, the SKOCH Awards celebrate excellence and recognize individuals, projects, and institutions that make a profound impact on the nation's progress.

TPCODL wins SKOCH awards

POST NEWS NETWORK

Bhubaneswar, Sept 29: TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and state government, conferred with the prestigious SKOCH Awards 2024 at the 99th SKOCH Summit, held at the India Habitat Centre, New Delhi.

Recognised for its cutting-edge initiatives, TPCODL received the gold award for 'Digitally Karan – Online Payment' and the silver award for 'Digitalisation of the Procurement Process'. The innovations have driven a five-fold increase in digital electricity payments, significantly enhancing customer service convenience. The digitalisation of procurement has streamlined operations, reducing cycle times while contributing to sustainability by sav-

ing over one ton of carbon emissions annually. Reflecting on the recognition, TPCODL CEO Arvind Singh remarked, "This esteemed recognition underscores our relentless commitment to driving innovation, enhancing customer service and elevating operational efficiency. It is a tribute to the dedication and hard work of our teams. As we continue our journey of digital transformation, we remain steadfast in our mission to create value for our customers and foster environmental sustainability."

TPCODL's noteworthy achievements in enhancing customer service and modernising procurement underscore its focus on transforming utility operations, championing digital adoption and advancing sustainability efforts across the region.

PBD BUREAU

BHUBANESWAR, SEP 29

TP Central Odisha Distribution Limited (TPCODL), a joint venture between Tata Power and the Government of Odisha, has been honoured with the SKOCH Awards 2024 during the 99th SKOCH Summit at the India Habitat Centre in New Delhi.

Recognized for its innovative initiatives, TPCODL received the Gold Award for "Digitally Karan – Online Payment" and the Silver Award for "Digitalization of the Procurement Process." These advancements have led to a five-fold increase in digital electricity payments, significantly improving customer service. The digitalization of procurement has streamlined operations and reduced cycle times, contributing to sustainability by saving over one ton of carbon emissions annually.

Reflecting on this achievement, TPCODL CEO Arvind Singh said, "This esteemed recognition underscores our relentless commitment

to driving innovation, enhancing customer service and elevating operational efficiency. It is a tribute to the dedication and hard work of our teams. As we continue our journey of digital transformation, we remain steadfast in our mission to create value for our customers and foster environmental sustainability."

Founded in 2003, the SKOCH Awards celebrate excellence and recognize individuals, projects, and institutions that profoundly impact the nation's progress.

Synopsis: TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and Government of Odisha, has been conferred with the prestigious SKOCH Awards 2024 at the 99th SKOCH Summit, held at the India Habitat Centre, New Delhi.

Recognized for its cutting-edge initiatives, TPCODL has been awarded the Gold Award for "Digitally Karan – Online Payment" and the Silver Award for "Digitalization of the Procurement Process". These innovations have driven a five-fold increase in digital electricity payments, significantly enhancing customer service convenience. The digitalization of procurement has streamlined operations, reducing cycle times while contributing to sustainability by saving over one ton of carbon emissions annually.

Reflecting on the recognition, Arvind Singh, CEO, TPCODL, remarked, "This esteemed recognition underscores our relentless commitment to driving innovation, enhancing customer service and elevating operational efficiency. It is a tribute to the dedication and hard work of our teams. As we continue our journey of digital transformation, we remain steadfast in our mission to create value for our customers and foster environmental sustainability."

टीपीसीओडीएल ने प्रतिष्ठित स्कॉच पुरस्कार जीता

भुवनेश्वर। टाटा पावर और ओडिशा सरकार के संयुक्त उद्यम टीपी सेंट्रल ओडिशा

डिस्ट्रीब्यूशन लिमिटेड (टीपीसीओडीएल) को नई दिल्ली के इंडिया हैबिटेड सेंटर में आयोजित 99 वें स्कॉच शिखर सम्मेलन में प्रतिष्ठित स्कॉच पुरस्कार 2024 से सम्मानित किया गया है। अपनी अत्याधुनिक पहलों के लिए मान्यता प्राप्त, टीपीसीओडीएल को डिजिटल रूप से करण - ऑनलाइन भुगतान के लिए स्वर्ण पुरस्कार और “खरीद प्रक्रिया के डिजिटलीकरण” के लिए रजत पुरस्कार से सम्मानित किया गया है। इन नवाचारों ने डिजिटल बिजली भुगतान में पांच गुना वृद्धि को प्रेरित किया है, जिससे ग्राहक सेवा सुविधा में काफी वृद्धि हुई है। खरीद के डिजिटलीकरण ने संचालन को सुव्यवस्थित किया है, चक्र के

समय को कम किया है, जबकि सालाना एक टन से अधिक कार्बन उत्सर्जन की बचत करके स्थिरता में योगदान दिया है। टीपीसीओडीएल के सीईओ अरविंद सिंह ने कहा की, “यह सम्मानित मान्यता नवाचार को चलाने, ग्राहक सेवा को बढ़ाने और परिचालन दक्षता को बढ़ाने के लिए हमारी अथक प्रतिबद्धता को रेखांकित करती है। जैसा कि हम डिजिटल परिवर्तन की अपनी यात्रा जारी रखते हैं, हम अपने ग्राहकों के लिए मूल्य बनाने और पर्यावरणीय स्थिरता को बढ़ावा देने के अपने मिशन में दृढ़ रहते हैं। ग्राहक सेवा को बढ़ाने और खरीद के आधुनिकीकरण में टीपीसीओडीएल की उल्लेखनीय उपलब्धियां उपयोगिता संचालन को बदलने, डिजिटल गोद लेने और पूरे क्षेत्र में स्थिरता प्रयासों को आगे बढ़ाने पर ध्यान केंद्रित करती हैं। 2003 में स्थापित, स्कॉच पुरस्कार उत्कृष्टता का जश्न मनाते हैं और उन व्यक्तियों, परियोजनाओं और संस्थानों को पहचानते हैं जो देश की प्रगति पर गहरा प्रभाव डालते हैं।

॥ ପ୍ରଭାନ୍ତ୍ୟକ ॥ ଭୁବନେଶ୍ୱର, ୩୦।୯: ଟାଟା ପାୱାର ଓ ଓଡ଼ିଶା ସରକାରଙ୍କ ଏକ ଯୌଥ ଉଦ୍ୟୋଗ ଟିପି ସେଂଟ୍ରାଲ ଓଡ଼ିଶା ଡିଷ୍ଟ୍ରିବ୍ୟୁସନ ଲିମିଟେଡ (ଟିପିସିଓଡିଏଲ)କୁ ନୂଆଦିଲ୍ଲୀର ଇଣ୍ଡିଆ ହାବିଟାଟ୍ ସେଣ୍ଟରରେ ଆୟୋଜିତ ୯୯ତମ ଷ୍ଟର ଶିଖର ସମ୍ମିଳନୀରେ ସମ୍ମାନଜନକ ଷ୍ଟର ପୁରସ୍କାର- ୨୦୨୪ ପ୍ରଦାନ କରାଯାଇଛି ।

ଟିପିସିଓଡିଏଲର ଅତ୍ୟଧୁନିକ ପଦକ୍ଷେପକୁ ସ୍ୱୀକୃତି ସ୍ୱରୂପ ‘ଅନଲାଇନ୍ ପେମେଣ୍ଟ ପାଇଁ ଡିଜିଟାଲି କରଣ’ କୁ ଗୋଲ୍ଡ ଆୱାର୍ଡ ଏବଂ ‘ପ୍ରକ୍ଷରମେଂଟ ପ୍ରକ୍ରିୟାର ଡିଜିଟାଲାଇଜେସନ୍’ ପାଇଁ ସିଲ୍ଭର ପୁରସ୍କାର ପ୍ରଦାନ କରାଯାଇଛି । ଏହି ପଦକ୍ଷେପ ଗୁଡ଼ିକ ଡିଜିଟାଲ ବିଦ୍ୟୁତ

ଦେୟରେ ପାଞ୍ଚ ଗୁଣା ବୃଦ୍ଧି ସହିତ ଗ୍ରାହକସେବାରେ ଉନ୍ନତି ଆଣିଛି । ପ୍ରକ୍ଷରମେଂଟର ଡିଜିଟାଲାଇଜେସନ କାର୍ଯ୍ୟକୁ ସୁବ୍ୟବସ୍ଥିତ କରିଥିବା ବେଳେ ସମୟକୁ ଯଥେଷ୍ଟ ହ୍ରାସ କରିଛି ଏବଂ ବାର୍ଷିକ ଏକ ଟନରୁ ଅଧିକ କାର୍ବନ ନିର୍ଗମନ ହ୍ରାସ କରି ଦୀର୍ଘସ୍ଥାୟୀ ପରିବେଶ ଗଠନରେ ଯୋଗଦାନ କରିଛି । ଟିପିସିଓଡିଏଲର ସିଇଓ ଅରବିନ୍ଦ୍ ସିଂହ କହିଛନ୍ତି ଯେ, “ଏହି ସମ୍ମାନଜନକ ସ୍ୱୀକୃତି ନବସୃଜନ, ଗ୍ରାହକ ସେବାରେ ଉନ୍ନତି ଏବଂ ପରିଚାଳନା ଗତ ଦକ୍ଷତା ବୃଦ୍ଧି ପାଇଁ ଆମର ନିରନ୍ତର ପ୍ରତିବଦ୍ଧତାକୁ ଦର୍ଶାଉଛି । ଆମ ଦଳର ନିଷ୍ଠା ଏବଂ କଠିନ ପରିଶ୍ରମ ପାଇଁ ଆମେ ଏହି ସମ୍ମାନ ପାଇଛୁ । ଡିଜିଟାଲ ରୂପାନ୍ତରଣର ଯାତ୍ରା ଜାରି ରଖି, ଆମେ

ଏକ ଦୀର୍ଘସ୍ଥାୟୀ ପରିବେଶ ଗଠନ ଲକ୍ଷ୍ୟରେ ଆଗକୁ କାମ କରି ରଖୁଛୁ ।” ଗ୍ରାହକସେବା ମାନରେ ଉନ୍ନତି ଆଣିବା ଏବଂ ପ୍ରକ୍ଷରମେଂଟରେ ଆଧୁନିକ ପ୍ରକ୍ରିୟା ଆପଣାଇବାରେ ଟିପିସିଓଡିଏଲର ଉଲ୍ଲେଖନୀୟ ସଫଳତା, ଯୁଗ୍ମଲିତିର ପରିଚାଳନାରେ ପରିବର୍ତ୍ତନ ଆଣିବା ସହିତ ଡିଜିଟାଲ ଗ୍ରହଣୀୟତାକୁ ପ୍ରୋତ୍ସାହିତ କରି ସମଗ୍ର ଅଂଚଳରେ ଦୀର୍ଘସ୍ଥାୟୀ ପରିବେଶ ଗଠନର ପ୍ରୟାସକୁ ଆଗେଇ ନେଉଛି । ୨୦୦୩ରେ ସ୍ଥାପିତ ଷ୍ଟର ଆୱାର୍ଡରେ ଉତ୍କର୍ଷତାକୁ ସମ୍ମାନିତ କରାଯିବା ସହ ଦେଶର ପ୍ରଗତିରେ ଗଭୀର ପ୍ରଭାବ ପକାଇଥିବା ବ୍ୟକ୍ତିତ୍ୱ, ପ୍ରକଳ୍ପ ଓ ଅନୁଷ୍ଠାନଗୁଡ଼ିକୁ ସମ୍ମାନିତ କରାଯାଉଛି ।

Synopsis: TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and Government of Odisha, has been conferred with the prestigious SKOCH Awards 2024 at the 99th SKOCH Summit, held at the India Habitat Centre, New Delhi.

Recognized for its cutting-edge initiatives, TPCODL has been awarded the Gold Award for "Digitally Karan – Online Payment" and the Silver Award for "Digitalization of the Procurement Process". These innovations have driven a five-fold increase in digital electricity payments, significantly enhancing customer service convenience. The digitalization of procurement has streamlined operations, reducing cycle times while contributing to sustainability by saving over one ton of carbon emissions annually.

Reflecting on the recognition, Arvind Singh, CEO, TPCODL, remarked, "This esteemed recognition underscores our relentless commitment to driving innovation, enhancing customer service and elevating operational efficiency. It is a tribute to the dedication and hard work of our teams. As we continue our journey of digital transformation, we remain steadfast in our mission to create value for our customers and foster environmental sustainability."
