### TPCODL rewards customers for timely bill payments with “Bill Pay & Win” scheme

**PBD BUREAU**

**BHUBANESWAR, JUN 5**

TP Central Odisha Distribution Limited (TPCODL), a joint venture between Tata Power and the Government of Odisha, hosted its Mega “Bill Pay & Win” event at the MDC Auditorium in Bhubaneswar, celebrating customers who consistently pay their electricity bills on time through digital channels.

As part of the event, 80 lucky customers from the Bhubaneswar circle were selected through a system-based draw and awarded mobile phones and other exciting prizes. Additionally, nine winners across all TPCODL circles received iPhones as the mega prize under the FY-25 edition of the “Bill Pay & Win” scheme.

This initiative rewards customers with zero arrears who pay their bills by the due date using TPCODL’s online payment platforms. The scheme highlights TPCODL’s commitment to promoting digital transactions, billing transparency,

and customer convenience.

The prize distribution ceremony was held in the presence of Dushyant Kumar Tyagi, Chief – Commercial Services, along with other senior

officials from TPCODL.

Commenting on the initiative, Arvind Singh, CEO, TPCODL, said, “The ‘Bill Pay & Win’ scheme reflects our commitment to encouraging timely bill payments and promoting digital transactions. We appreciate our customers’ continued support and congratulate all the winners for their proactive participation.”

TPCODL continues to focus on strengthening customer engagement through such value-added initiatives, aiming to encourage timely payments, reduce billing disputes, and enhance the overall service experience.

For more information on the “Bill Pay & Win” scheme, customers can call TPCODL’s 24x7 helpline at 1912 or 1800-345-7122, or visit [www.tpcentralodisha.com](http://www.tpcentralodisha.com).

### TPCODL waives processing for PM Surya Ghar Yojana

#### STATESMAN NEWS SERVICE

BHUBANESWAR, 7 JUNE:

TP Central Odisha Distribution Limited (TPCODL), stepped up its campaign to accelerate solar rooftop installations across Central Odisha under the PM Surya Ghar - Muft Bijli Yojana (PMSGMBY).

For the benefit of its consumers, TPCODL has waived the net metering processing fee of ₹500 for rooftop solar systems under the PM Surya Ghar - Muft Bijli Yojana. This eliminates the process of

online demand note generation and payment through the payment gateway.

Earlier TPCODL had eliminated the requirement of technical feasibility study for

systems up to 10 kw and had also minimised the time taken for site inspection, net metering agreement signing, net meter installation etc. by making the Section Manager

the single point contact for all such activities.

Arvind Singh, CEO, TPCODL, said, "Our commitment to promoting renewable energy solutions is unwavering. This campaign is not just about installing solar rooftops; it's about creating a lasting change to provide a sustainable future for our communities. We aim to empower residents and businesses to embrace solar energy and contribute to a greener Odisha."

**BHUBANESWAR, JUN 7**

TP Central Odisha Distribution Limited (TPCODL), a joint venture between Tata Power and the Government of Odisha, has intensified its efforts to promote rooftop solar installations across Central Odisha under the PM Suryaghar Muft Bijli Yojana (PMSGMBY).

As part of its consumer-centric approach, TPCODL has waived the Rs 500 net metering processing fee for rooftop solar systems under the scheme. This move simplifies the process by eliminating the need for online demand note generation and payment through the payment gateway.

Previously, TPCODL had already taken steps to streamline the installation process. It

removed the requirement for a technical feasibility study for systems up to 10 kW and significantly reduced turnaround times for site inspections, net metering agreements, and meter installations by appointing the Section Manager as the single point of contact for all related activities.

These efforts are part of TPCODL's ongoing commitment to simplifying processes and encouraging wider adoption of solar power, all while staying within the regulatory framework.

TPCODL urges all residential consumers to consider installing rooftop solar systems, which enable them to generate clean energy and reduce electricity bills. Attractive central and state subsidies are available, making it possible for customers to recover their investment within three years.

TPCODL CEO Arvind Singh said, "Our commitment to promoting renewable energy solutions is unwavering. This campaign is not just about installing solar rooftops; it's about creating lasting change and securing a sustainable future for our communities. We aim to empower residents and businesses to embrace solar energy and contribute to a greener Odisha."

**Synopsis:** TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and Government of Odisha, has stepped up its campaign to accelerate solar rooftop installations across Central Odisha under the PM Surya Ghar - Muft Bijli Yojana (PMSGMBY).

For the benefit of its consumers, TPCODL has waived the net metering processing fee of ₹500 for rooftop solar systems under the PM Surya Ghar - Muft Bijli Yojana. This eliminates the process of online demand note generation and payment through the payment gateway.

Earlier TPCODL had eliminated the requirement of technical feasibility study for systems up to 10 kw and had also minimised the time taken for site inspection , net metering agreement signing, net meter installation etc. by making the Section Manager the single point contact for all such activities.

In order to make the scheme more and more consumer friendly, TPCODL continuously endeavours to simplify processes within the regulatory framework.

TPCODL encourages all its residential customers to set up rooftop solar power

system, generate own green power and save on electricity bills. Attractive central and state financial assistance is available to all residential consumers that ensures return of investment within three years. Arvind Singh, CEO, TPCODL, said, “Our commitment to promoting renewable energy solutions is unwavering. This campaign is not just about installing solar rooftops; it’s about creating a lasting change to provide a sustainable future for our communities. We aim to empower residents and businesses to embrace solar energy and contribute to a greener Odisha.”

### Tata Power rolls out affordable solar rooftop solutions in Odisha

BHUBANESWAR: (Jun 17) Leading rooftop solar company, Tata Power Renewable Energy Limited (TPREL) on Tuesday announced the launch of an affordable rooftop solar solution in Odisha under its 'Ghar Ghar Solar' campaign.

The programme was launched in the presence of MD and CEO of Tata Power Dr Praveer Sinha and MD & CEO of (TPREL) Sanjay Banga, here at a function.

The company in a statement said that its accessible, consumer-centric financing model makes rooftop solar affordable for a broader segment of Odisha's population.

WITH the state struggling to meet the target of powering three lakh households through rooftop solar system under PM Surya Ghar: Muft Bijli Yojana, the Tata Power Renewable Energy Limited (TPREL) on Tuesday rolled out an affordable plan to boost ground-level adoption of the scheme.

Launching the 'Ghar Ghar Solar' campaign, TPREL, a subsidiary of Tata Power, said the company's accessible, consumer-centric financing model will make rooftop solar affordable for a broader segment of the population.

"Residents can install solar

systems with minimal upfront investment starting from ₹2,499 for 1 kW, ₹4,999 for 2 kW and ₹7,999 for 3 kW. This initiative will help households, turning solar adoption from an aspiration into an economically viable option," said Tata Power CEO and MD Praveer Sinha.

The first-of-its-kind initiative is set to accelerate residential rooftop solar adoption across the state by enabling customers to pay just one-third of the total amount, making solar power affordable and seamlessly integrated into households, he said.

Chief of solar rooftop and EV charging business, TPREL,

Shivram Bikkina said the consumers will get a comprehensive range of benefits including a 25-year warranty on modules, quality assurance and exclusive sales and service in over 450 districts. Lifetime service and after-sales support, easy financing options and insurance for solar rooftop systems will be available under one roof. The company is also in talks with public sector banks for extending easy finance to residents for installation of rooftop solar system, he added.

While Tata Power has a consumer base of about 97 lakh, only 1,17,269 of them have applied for rooftop solar power

and a mere 7,130 households are covered under PM Surya Ghar. This, despite substantial financial benefits offered by the central and state governments through subsidy.

The scheme provided subsidies up to ₹78,000 for solar systems up to 3 kW, covering nearly 40 per cent of installation costs. The initiative is further strengthened through the state government's additional subsidy of ₹25,000 for a 1 kW system, ₹50,000 for a 2 kW system and up to ₹60,000 for 3 kW and above.

CEO and MD of TPREL Sanjay Banga urged the four distribution companies to take up the Ghar Ghar Solar programme in a campaign mode to fulfill the target this year.

# Tata Power launches affordable rooftop solar and lifestyle solutions

**STATESMAN NEWS SERVICE**  
BHUBANESWAR, 17 JUNE

Tata Power Renewable Energy Limited (TPREL) on Tuesday launched India's most affordable rooftop solar solution in Bhubaneswar under its 'Ghar Ghar Solar' campaign, along with two new lifestyle energy offerings aimed at transforming residential power consumption.

At a national launch event held here, Dr. Praveer Sinha, CEO & MD of The Tata Power Company Ltd, and Mr. Sanjay Banga, CEO and MD of TPREL, intro-

duced the innovative solar solutions in the presence of dignitaries, channel partners, bankers, and stakeholders.

Tata Power announced an ambitious target of installing three lakh rooftop systems in Odisha and 10 lakh installations nationwide over the next three to five years. The rooftop solar packages for Odisha are designed for affordability, starting from ₹2,499 for 1 kW, ₹4,999 for 2 kW, and ₹7,999 for 3 kW, with easy financing options to ensure minimal upfront investment. Customers can install

systems by paying just one-third of the total cost.

The scheme is supported by the Central Government's PM Surya Ghar: Muft Bijli Yojana, offering subsidies of up to ₹78,000 for systems up to 3 kW. Odisha residents can also avail additional state subsidies — ₹25,000 for 1 kW, ₹50,000 for 2 kW, and ₹60,000 for 3 kW and above.

The solar panels are engineered to withstand cyclonic conditions with wind speeds of up to 180 kmph.

TPREL also launched two premium lifestyle prod-

ucts: MySine – a compact, intelligent solar plus battery backup system for uninterrupted power supply. Solar Design Spaces – a curated range of 25 aesthetically designed rooftop installations combining sustainability with modern style.

In FY25, the company onboarded 1,033 new residential rooftop customers in Odisha, marking a tenfold growth from FY24. The Commercial & Industrial (C&I) segment also grew, with 76 consumers added in FY25 compared to 56 in the previous year.

## Tata Power launches affordable rooftop solar solutions in Odisha

**BHUBANESWAR, JUN 17**

TATA Power Renewable Energy Limited (TPREL), a leading rooftop solar provider and subsidiary of Tata Power, has launched India's most affordable residential rooftop solar solution in Bhubaneswar under its 'GharGhar Solar' campaign.

The initiative enables Odisha residents to adopt solar power with minimal upfront costs — Rs 2,499 for 1 kW, Rs 4,999 for 2 kW, and Rs 7,999 for 3 kW systems. The innovative financing model allows customers to pay only one-third of the total cost initially, making solar energy more accessible and affordable.

Further easing adoption, consumers can avail up to Rs 78,000 subsidy under the PM Surya Ghar: MuftBijliYojana and additional state subsidies — Rs 25,000 for

1 kW, Rs 50,000 for 2 kW, and Rs 60,000 for 3 kW or more.

TPREL also introduced two new lifestyle offerings: MySine, smart solar + battery backup system for uninterrupted power; and Solar Design Spaces --stylish rooftop solar installations that combine aesthetics with

sustainability.

The campaign has significantly boosted adoption in Odisha, with rooftop solar consumer numbers rising over fourfold — from 430 to 1,759. In FY25 alone, TPREL added 1,033 new customers, a tenfold jump from FY24. The Commercial & Industrial segment also grew, adding 76 consumers in FY25.

To learn more, customers can call 18002577777 under the #GharGharSolar campaign.

**BHUBANESWAR:** Tata Power Renewable Energy Limited (TPREL), a subsidiary of Tata Power and India's leading rooftop solar company, has launched its most affordable rooftop solar solutions in Odisha under 'Ghar Ghar Solar' campaign. With prices starting at Rs 2,499 for a 1 kW system, Rs 4,999 for 2 kW, and Rs 7,999 for 3 kW, the initiative aims to make solar energy accessible to a wider section of the population. Backed by attractive financing options, customers

can install systems with just one-third of the total amount upfront. TPREL has partnered with the Odisha Renewable Energy Development Agency (OREDA) to accelerate solar adoption in the state, targeting 3 lakh rooftop installations in Odisha and 10 lakh across India over the next 5 years. Consumers will also benefit from subsidies under PM Surya Ghar Muft Bijli Yojana up to Rs 78,000 for systems up to 3 kW. Additional state subsidies further reduce the cost, making clean energy an affordable reality for households. has also introduced lifestyle solar offerings like MySine, a solar-plus-battery backup system, and solar design spaces, a range of 25 aesthetic rooftop solutions. For more information, interested customers can call the helpline at 18002577777 to know more about the installation of solar rooftop under Tata Power's Ghar Ghar Solar initiative

# Tata Power rolls out affordable Solar Rooftop Solutions

BHUBANESWAR, (Correspondent):: Tata Power Renewable Energy Limited (TPREL), India's leading rooftop solar company and a wholly owned subsidiary of Tata Power, today announced the launch of India's most affordable rooftop solar solution at Bhubaneswar in Odisha under its 'GharGhar Solar' campaign. The Company's accessible, consumer-centric financing model makes rooftop solar affordable for a broader segment of Odisha's population. Residents can install

systems with minimal upfront investment starting from ₹2,499 for 1 kW, ₹4,999 for 2 kW, and ₹7,999 for 3 kW. This initiative is impactful for households, turning solar adoption from an aspiration into an economically viable option. This first-of-its-kind initiative is set to accelerate

residential rooftop solar adoption across the state by enabling customers to pay just one-third of the total amount, making solar power more accessible, affordable, and seamlessly integrated into households. Odisha consumers gain substantial financial benefits

through the PM Surya Ghar: Muft Bijli Yojana, which offers subsidies up to ₹78,000 for solar systems up to 3 kW, covering nearly 40% of installation costs. The initiative is further strengthened through the State Government's additional subsidy of ₹25,000 for a 1 kW system, ₹50,000 for a 2 kW system, and up to 60,000 for systems 3 kW and above. This financial support significantly accelerates rooftop solar adoption, making clean energy solutions accessible to households across the state.

## टाटा पावर ने ओडिशा में लॉन्च किया सबसे किफायती सोलर रूफटॉप समाधान

नवभारत ब्यूरो। भुवनेश्वर। टाटा पावर रिन्यूएबल एनर्जी लिमिटेड (टीपीआरईएल), देश की अग्रणी सोलर रूफटॉप कंपनी और टाटा पावर की पूर्ण स्वामित्व वाली इकाई ने ओडिशा की राजधानी भुवनेश्वर में घर-घर सोलर अभियान के तहत भारत का सबसे किफायती सोलर रूफटॉप समाधान लॉन्च किया है। इसका उद्देश्य अगले 3 से 5 वर्षों में ओडिशा में 3 लाख और देशभर में 10 लाख सोलर रूफटॉप इंस्टॉलेशन करना है।

कंपनी ने ओडिशा रिन्यूएबल एनर्जी डेवलपमेंट एजेंसी (ओरेडा) के साथ साझेदारी कर राज्यव्यापी सोलर अपनाने को बढ़ावा देने की पहल की है। नई योजना के तहत उपभोक्ता महज 2,499 में 1 किलोवाट, 4,999 में 2 किलोवाट और 7,999 में 3 किलोवाट का सिस्टम लगवा सकते हैं। बाकी राशि आसान मासिक किश्तों में चुकाई जा सकती है, जिसकी शुरुआत 1,249 प्रति माह से होती है।

**प्रधानमंत्री सूर्य घर:** मुफ्त बिजली योजना के तहत उपभोक्ताओं को 3 किलोवाट तक के सिस्टम पर 78,000 तक की सब्सिडी मिलती है। इसके साथ ही ओडिशा सरकार अतिरिक्त 25,000 (1 किलोवाट), 50,000 (2 किलोवाट) और 60,000 (3 किलोवाट व उससे अधिक) की सब्सिडी दे रही है। इससे उपभोक्ताओं के लिए सोलर सिस्टम की कुल लागत का लगभग 40% तक भार कम हो रहा है।

**टाटा पावर ने दो नए प्रीमियम समाधान भी पेश किए हैं:** माईसाइन : एक कॉम्पैक्ट सोलर + बैटरी सिस्टम, जो

निर्बाध बिजली आपूर्ति सुनिश्चित करता है।

**सोलर डिजाइन स्पेस:** 25 सुंदर डिजाइनों के साथ छतों के लिए आकर्षक सोलर इंस्टॉलेशन समाधान।

**राज्य में रूफटॉप सोलर की लोकप्रियता में बढ़ोतरी:** घर-घर सोलर अभियान के चलते ओडिशा में उपभोक्ताओं की संख्या 430 से बढ़कर 1,759 हो गई है। वित्त वर्ष 25 में कंपनी ने 1,033 नए उपभोक्ताओं को जोड़ा, जो वित्त वर्ष 24 की तुलना में 10 गुना अधिक है। कर्मशियल और इंड्रियल उपभोक्ताओं में भी वृद्धि दर्ज की गई है। टीपीआरईएल पिछले 10 वर्षों से देश की नंबर 1 रूफटॉप सोलर कंपनी रही है। यह उपभोक्ताओं को 25 साल की मॉड्यूल वारंटी, आजीवन सर्विस सपोर्ट, आसान फाइनेंसिंग और बीमा जैसी सेवाएं प्रदान करती है। इच्छुक उपभोक्ता 1800-257-7777 पर कॉल कर जानकारी प्राप्त कर सकते हैं।

**Synopsis -** Tata Power Renewable Energy Limited (TPREL), India's leading rooftop solar company and a wholly owned subsidiary of Tata Power, today announced the launch of India's most affordable rooftop solar solution at Bhubaneswar in Odisha under its 'Ghar Ghar Solar' campaign.

The Company's accessible, consumer-centric financing model makes rooftop solar affordable for a broader segment of Odisha's population. Residents can install systems with minimal upfront investment starting from ₹2,499 for 1 kW, ₹4,999 for 2 kW, and ₹7,999 for 3 kW. This initiative is impactful for households, turning solar adoption from an aspiration into an economically viable option. This first-of-its-kind initiative is set to accelerate residential rooftop solar adoption across the state by enabling customers to pay just one-third of the total amount, making solar power more accessible, affordable, and seamlessly integrated into households.

Odisha consumers gain substantial financial benefits through the PM Surya Ghar: Muft Bijli Yojana, which offers subsidies up to ₹78,000 for solar systems up to 3 kW, covering nearly 40% of installation costs. The initiative is further strengthened through the State Government's additional subsidy of ₹25,000 for a 1 kW system, ₹ 50,000 for a 2 kW system, and up to ₹ 60,000 for systems 3 kW and above. This financial support significantly accelerates rooftop solar adoption, making clean energy solutions accessible to households across the state.

**Synopsis -** Tata Power Renewable Energy Limited (TPREL), India's leading rooftop solar company and a wholly owned subsidiary of Tata Power, today announced the launch of India's most affordable rooftop solar solution at Bhubaneswar in Odisha under its 'Ghar Ghar Solar' campaign.

The Company's accessible, consumer-centric financing model makes rooftop solar affordable for a broader segment of Odisha's population. Residents can install systems with minimal upfront investment starting from ₹2,499 for 1 kW, ₹4,999 for 2 kW, and ₹7,999 for 3 kW. This initiative is impactful for households, turning solar adoption from an aspiration into an economically viable option. This first-of-its-kind initiative is set to accelerate residential rooftop solar adoption across the state by enabling customers to pay just one-third of the total amount, making solar power more accessible, affordable, and seamlessly integrated into households.

Odisha consumers gain substantial financial benefits through the PM Surya Ghar: Muft Bijli Yojana, which offers subsidies up to ₹78,000 for solar systems up to 3 kW, covering nearly 40% of installation costs. The initiative is further strengthened through the State Government's additional subsidy of ₹25,000 for a 1 kW system, ₹ 50,000 for a 2 kW system, and up to ₹ 60,000 for systems 3 kW and above. This financial support significantly accelerates rooftop solar adoption, making clean energy solutions accessible to households across the state.

## टाटा पावर ने ओडिशा में लांच किया भारत का सबसे किफायती रूफटाप सोलर साल्यूशन

जगन्नाथ संभट्टा, भुवनेश्वर : टाटा पावर की पूर्ण सहायक कंपनी और भारत की अग्रणी रूफटाप सोलर कंपनी टाटा पावर रिन्यूबल एनर्जी लिमिटेड (टीपीआरईएल) ने मंगलवार को अपने 'घर-घर सौर' अभियान के तहत भुवनेश्वर, ओडिशा में भारत का सबसे किफायती रूफटाप सोलर साल्यूशन लांच किया है। इससे पीएम सूर्यघर मुफ्त बिजली योजना के माध्यम से ग्राहकों को महत्वपूर्ण वित्तीय लाभ मिलेगा। कंपनी का लक्ष्य अगले तीन से पांच वर्षों में ओडिशा में तीन लाख एवं राष्ट्रीय स्तर पर 10 लाख रूफटाप स्थापित किए हैं। इसके लिए आकर्षक फाइनेंस विकल्पों के साथ ओडिशा में शुरुआती कीमत 2,499 रुपये के सोलर रूफटाप साल्यूशन का अनावरण भी इस अवसर पर किया गया है। इसके साथ ही राज्यव्यापी सौर अपनाने के लिए ओडिशा के साथ करार किया गया। सामान्य सौर रूफटाप सिस्टम से आगे बढ़ते हुए लाइफटाइम सोलर समाधान की शुरुआत की गई है।

यहां संशोधित करते हुए टाटा पावर के एमडी एवं सीईओ डा. प्रवीर सिंह, एवं टाटा पावर रिन्यूबल एनर्जी के एमडी तथा सीईओ संजय ब्रामर ने कहा कि रूफटाप सोलर

● तीन-पांच वर्षों में तीन लाख एवं राष्ट्रीय स्तर पर 10 लाख रूफटाप स्थापित करने का लक्ष्य

सोलर रूफ टॉप साल्यूशन का अनावरण

कंपनी टीपीआरईएल सोलर जो 10 वर्षों से नंबर एक स्वन पर है, ग्राहकों को माइबुल पर 25 साल की वारंटी, निरवरोध गुणवत्ता मानकों के साथ, 450 से अधिक जिलों में विशेष बिजली और सेवाएं, पूरे भारत में आजीवन सेवाएं और बिजली के बाद समर्थन, आसान वित्त विकल्प और रूफटाप सोलर सिस्टम के लिए बीमा प्रदान करता है।

बड़े पैमाने पर नवाचार के साथ, टाटा पावर स्क्वैड ऊर्जा को

● फाइनेंस विकल्पों के साथ 2,499 रुपये के सोलर रूफटाप साल्यूशन का अनावरण

मुख्यधारा में ला रहा है और इसे सौर ऊर्जा के लिए तैयार करके हर भारतीय घर को सशक्त बना रहा है। घर-घर सोलर अभियान के तहत सोलर रूफटाप लगाने के बारे में अधिक ज्ञान में रुचि रखने वाले ग्राहक हमें हमारे हेल्पलाइन नंबर 18002577777 पर काल कर सकते हैं। उन्होंने कहा कि कंपनी के ग्राहक-केंद्रित वित्त माडल ने ओडिशा की आबादी के एक विस्तृत वर्ग के लिए छत पर सौर ऊर्जा

को किफायती बना दिया है। राज्य के निवासी एक किलोवाट के लिए 2,499 रुपये, दो किलोवाट के लिए 4,999 रुपये और तीन किलोवाट के लिए 7,999 रुपये का न्यूनतम अग्रिम निवेश करके सोलर सिस्टम स्थापित कर सकते हैं।

अभियान ने सौर स्वीकृति को एक आकांक्षी से आर्थिक रूप से व्यवहार्य विकल्प में बदल दिया है। उपभोक्ताओं को इस अभियान में कुल राशि का केवल एक तिहाई भुगतान करना होगा इससे आग्रह सौर रूफटाप सोलर की स्वीकार्यता में तेजी आएगी साथ ही सस्ती कीमतों पर लोगों को सौर ऊर्जा सुलभ होगी। पीएम सूर्यघर मुफ्त बिजली योजना के माध्यम से, ओडिशा के ग्राहकों को महत्वपूर्ण वित्तीय लाभ मिलेगा। यह तीन किलोवाट तक सौर प्रणाली के लिए 78,000 रुपये तक की सब्सिडी प्रदान करता है जो स्थापना लागत का लगभग 40 प्रतिशत कवर करता है।

इसके अलावा राज्य सरकार द्वारा एक किलोवाट प्रणाली के लिए 25,000 रुपये, दो किलोवाट प्रणाली के लिए 50,000 रुपये और तीन किलोवाट या उससे अधिक के प्रणाली के लिए 60,000 रुपये की अतिरिक्त सब्सिडी ने इस अभियान को और मजबूत किया है।

**TPCODL, BHUBANESWAR:** TP Central Odisha Distribution Limited (TPCODL) celebrated International Yoga Day with active

participation across all its offices. The observance saw enthusiastic involvement from employees at every level — including five operational circles, divisions, and sections — underscoring the organisation's commitment to holistic well-being. CEO Arvind Singh led the celebrations, aligning with this year's global theme, “Yoga for One Earth, One Health.”

Addressing the gathering, Singh highlighted yoga's role in maintaining both physical fitness and mental resilience. “Yoga is one of the most effective ways to build strength, sustain good health, and achieve inner peace,” he noted. He emphasized that regular yoga practice benefits not just individuals but also families, communities, and society at large. “Yoga is a timeless tradition that brings balance to life and calm to the mind,” he added.

Singh also lauded India's global leadership in promoting yoga, pointing out that since its international recognition in 2015, Yoga Day has become a significant platform for spreading awareness about its benefits.

TPCODL reaffirmed its dedication to encouraging wellness and healthy lifestyles among its workforce and the communities it serves through initiatives like this.

Synopsis: TP Central Odisha Distribution Limited (TPCODL) marked International Yoga Day with widespread participation across all its offices. The event witnessed active involvement of CEO Shri Arvind Singh along with the employees at all the five circles, divisions and sections of TPCODL. This year's theme, "Yoga for One Earth, One Health," resonated across all sessions, highlighting the holistic benefits of yoga.

Addressing the gathering, Shri Singh emphasized the importance of incorporating yoga into daily life for physical and mental well-being. "Yoga is one of the most effective ways to build strength, maintain good health, and achieve inner peace," he said. He also underscored the role of yoga in nurturing not only individual health but also that of families, communities, and society at large. "Yoga is a timeless practice that brings calm to the mind and balance to life," he added.

**Synopsis:** TP Central Odisha Distribution Limited (TPCODL) marked International Yoga Day with widespread participation across all its offices. The event witnessed active involvement of CEO Shri Arvind Singh along with the employees at all the five circles, divisions and sections of TPCODL. This year's theme, "Yoga for One Earth, One Health," resonated across all sessions, highlighting the holistic benefits of yoga.

Addressing the gathering, Shri Singh emphasized the importance of incorporating yoga into daily life for physical and mental well-being. "Yoga is one of the most effective ways to build strength, maintain good health, and achieve inner peace," he said. He also underscored the role of yoga in nurturing not only individual health but also that of families, communities, and society at large. "Yoga is a timeless practice that brings calm to the mind and balance to life," he added.

# TPCODL ensures seamless power and safety measures for Rath Yatra 2025

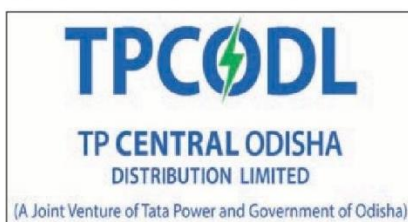

**PBD BUREAU**

**BHUBANESWAR, JUN 26**

TATA Power Central Odisha Distribution Limited (TPCODL) has implemented a comprehensive set of safety and infrastructure measures to ensure uninterrupted and secure power supply during Rath Yatra 2025 in Puri.

Over 800 personnel have been deployed round-the-clock as part of an extensive safety initiative. Key efforts include leakage current testing, insulation painting of iron poles, and fencing of distribution transformers to enhance public safety. Fire extinguishers have been strategically placed at high-footfall areas.

TPCODL has also carried out significant network upgrades, including augmentation of feeders and transformers, along with preventive and predictive maintenance to ensure power reliability during the festival. Relay protection settings have been thoroughly tested and calibrated to prevent unexpected outages.

To boost public awareness and promote safety, TPCODL has launched several initiatives across Puri. These include the distribution of one lakh safety

leaflets, continuous public announcements, and prominent display of safety posters and banners. Street plays at the Palli Shree Mela will further engage the public in safety messaging through interactive performances.

Additional measures such as temporary barricading and covering of exposed cables along the Grand Road have been implemented to protect devotees during peak movement hours.

Furthermore, TPCODL has deployed four Mobile Health Dispensaries (MHDs) — three in Puri and one as an emergency response unit across its operational area. Each MHD is fully equipped with consultation rooms, examination beds, and dispensary counters, staffed by qualified doctors, nurses, and pharmacists, ensuring medical assistance is readily available throughout the festivities.

Synopsis: TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha, has undertaken extensive safety and infrastructure preparedness measures to ensure a safe and uninterrupted power supply during Rath Yatra 2025 in Puri.

With more than 800 personnel deployed round-the-clock, TPCODL has undertaken a robust safety drive for Rath Yatra 2025. The initiative includes leakage current testing, insulation painting on iron poles, DT fencing to ensure public safety. Fire extinguishers have been strategically installed at strategic locations.

The network augmentation for feeders, power & distribution transformers has also been carried out along with preventive & predictive maintenance to ensure reliable power supply through the auspicious occasion. Relay protection settings have been thoroughly tested & calibrated to avoid spurious interruptions.

To enhance public awareness and ensure safety during Rath Yatra 2025, TPCODL has rolled out a series of initiatives across Puri. These include the distribution of 1 lakh safety leaflets, continuous public announcements throughout the town and the display of safety posters and banners at prominent locations.
