TPCODL gears up for seamless power during Rath Yatra at Puri

STATESMAN NEWS SERVICE
BHUBANESWAR, 3 MAY:

TPCentral Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha, had geared up to ensure an uninterrupted and reliable power supply during the much-revered Rath Yatra in Puri. With an installed capacity of 170 MVA to meet an anticipated peak load of 74 MW in Puri Town during the grand festival, TPCODL is committed to making this sacred event a smooth and safe experience for all

devotees, said the discom.

In preparation for the event, TPCODL has installed 4 numbers of 12.5/16 MVA Power Transformers (PTRs) strengthening the local network and ensuring robust load management.

The entire network shall be monitored round the clock by state-of-art Power Distribution Technology Centre at Bhubaneswar. A workforce of more than 700 trained professionals will also be deployed across the town to monitor and maintain the network 24/7. Advanced equipment

such as mobile transformers, fault locators, cranes, man lifters and spare transformers have been mobilized to ensure rapid response to any situation.

Arvind Singh, CEO, TPCODL, said “The Rath Yatra is not just a festival — it is an emotion that unites millions. We take immense pride in playing our part in ensuring the city stays energized and safe. Our teams have worked tirelessly and we stand fully committed to supporting the spiritual and cultural spirit of this magnificent event.”

TPCODL ensures uninterrupted power for Puri Rath Yatra 2025

PBD BUREAU

BHUBANESWAR, MAY 3

TP Central Odisha Distribution Limited (TPCODL) reaffirms its commitment to a seamless and safe Rath Yatra in Puri by ensuring uninterrupted power supply during the iconic festival. With an installed capacity of 170 MVA, the utility is well-prepared to meet the anticipated peak load of 74 MW in Puri Town.

Four 12.5/16 MVA Power Transformers have been installed, strengthening the network and ensuring N-2 redundancy for reliable service. Continuous monitoring will be managed through TPCODL's advanced Power Distribution

Technology Centre in Bhubaneswar.

Over 700 trained personnel will be stationed across Puri, providing 24/7 network surveillance and maintenance. Comprehensive preventive checks have been completed on substations,

switchgear systems, overhead lines, and underground cables. To enhance emergency readiness, mobile transformers, fault locators, cranes, and man lifters are on standby.

Public safety remains a top priority. Leakage current inspections, installation of fire extinguishers at substations, application of insulating paint, and fencing of distribution transformers have been undertaken to minimize risks.

"Rath Yatra is more than a festival – it's a shared spiritual journey. We are proud to support this grand event by ensuring uninterrupted and safe electricity for all," said Arvind Singh, CEO of TPCODL.

TPCODL's uninterrupted power for Rath Yatra

Bhubaneswar: TP Central Odisha Distribution Limited (TPCODL), a joint venture between Tata Power and the Government of Odisha, has announced comprehensive preparations to ensure uninterrupted power supply during the upcoming Rath Yatra in Puri.

To meet the anticipated peak demand of 74 MW in Puri Town, TPCODL has ramped up its infrastructure with an installed capacity of 170 MVA. Four 12.5/16 MVA Power Transformers have been deployed, ensuring N-2 redundancy for continuous power

flow throughout the festival.

A team of over 700 professionals will be on duty round-the-clock, backed by real-time

monitoring from the Power Distribution Technology Centre in Bhubaneswar. Preventive maintenance has been completed across substations, overhead lines, and underground cables, while mobile transformers, cranes, fault locators, and other critical equipment have been mobilized for emergency response.

“The Rath Yatra is not just a festival — it is an emotion that unites millions. We take immense pride in ensuring the city stays energised and safe,” said Arvind Singh, CEO, TPCODL.

Powering Faith and Festivities: TPCODL's Unwavering Support for Rath Yatra 2025

Bhubaneswar, (correspondent): TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha, is once again stepping up to ensure an uninterrupted and reliable power supply during the much-revered Rath Yatra in Puri. With an installed capacity of 170 MVA to meet an anticipated peak load of 74 MW in Puri Town during the grand festival, TPCODL is committed to making this sacred event a smooth and safe experience for all devotees. In preparation for the event, TPCODL

has installed 4 numbers of 12.5/16 MVA Power Transformers (PTRs) strengthening the local network and ensuring robust load management. This will ensure N-2 redundancy, allowing for dependable and continuous power flow throughout the festivities. The entire network shall be monitored round the clock by state-of-art Power Distribution Technology Centre at Bhubaneswar. A workforce of more than 700 trained professionals will also be deployed across the town to monitor and maintain the network 24/7. Thorough preventive

maintenance activities have been conducted on 33/11 KV Primary Substations, High Tension (HT) and Low Tension (LT)

switchgear systems, overhead lines and underground cables. Advanced equipment such as mobile transformers, fault locators, cranes, man lifters and spare transformers have been mobilized to ensure rapid response to any situation. Prioritizing public safety, TPCODL has conducted extensive leakage current inspections, installed fire extinguishers across substations and offices, applied insulating paints to prevent electric shocks and secured distribution transformers with protective fencing.

Synopsis: TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha, is once again stepping up to ensure an uninterrupted and reliable power supply during the much-revered Rath Yatra in Puri. With an installed capacity of 170 MVA to meet an anticipated peak load of 74 MW in Puri Town during the grand festival, TPCODL is committed to making this sacred event a smooth and safe experience for all devotees.

In preparation for the event, TPCODL has installed 4 numbers of 12.5/16 MVA Power Transformers (PTRs) strengthening the local network and ensuring robust load management. This will ensure N-2 redundancy, allowing for dependable and continuous power flow throughout the festivities.

The entire network shall be monitored round the clock by state-of-art Power Distribution Technology Centre at Bhubaneswar. A workforce of more than 700 trained professionals will also be deployed across the town to monitor and maintain the network 24/7. Thorough preventive maintenance activities have been conducted on 33/11 KV Primary Substations, High Tension (HT) and Low Tension (LT) switchgear systems, overhead lines and underground cables. Advanced equipment such as mobile transformers, fault locators, cranes, man lifters and spare transformers have been mobilized to ensure rapid response to any situation.

Prioritizing public safety, TPCODL has conducted extensive leakage current inspections, installed fire extinguishers across substations and offices, applied insulating paints to prevent electric shocks and secured distribution transformers with protective fencing.

Powering Faith and Festivities: TPCODL's Unwavering Support for Rath Yatra 2025

Bhubaneswar, (ENS): TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha, is once again stepping up to ensure an uninterrupted and reliable power supply during the much-revered Rath Yatra in Puri. With an installed capacity of 170 MVA to meet an anticipated peak load of 74 MW in Puri Town during the grand festival, TPCODL is committed to making this sacred event a smooth and safe experience for all devotees.

In preparation for the event, TPCODL has installed 4 numbers of 12.5/16 MVA Power Transformers (PTRs) strengthening the local network and ensuring robust load management. This will ensure N-2 redundancy, allowing for dependable and continuous power flow throughout the festivities. The entire network shall be monitored round the clock by state-of-art Power Distribution Technology Centre at Bhubaneswar. A workforce of more than 700 trained professionals will also be deployed across the town to monitor and maintain the network 24/7. Thorough preventive maintenance activities have been conducted on 33/11 KV Primary Substations, High Tension (HT) and Low Tension (LT) switchgear systems, overhead lines and underground cables. Advanced equipment such as mobile transformers, fault locators, cranes, man lifters and spare transformers have been mobilized to ensure rapid response to any situation. Prioritizing public safety, TPCODL has conducted extensive leakage current inspections, installed fire extinguishers across substations and offices, applied insulating paints to prevent electric shocks and secured distribution transformers with protective fencing.

Arvind Singh, CEO, TPCODL, emphasized the company's heartfelt commitment: "The Rath Yatra is not just a festival — it is an emotion that unites millions. We take immense pride in playing our part in ensuring the city stays energized and safe. Our teams have worked tirelessly and we stand fully committed to supporting the spiritual and cultural spirit of this magnificent event."

रथ यात्रा को लेकर शहर में 700 से अधिक प्रशिक्षित कर्मियों को किया गया तैनात

बिजली आपूर्ति सुनिश्चित करने के लिए टीपीसीओडीएल ने की व्यापक तैयारी

जापरण संवाददाता, भुवनेश्वर : ओडिशा सरकार और टाटा पावर के बीच एक संयुक्त उद्यम टीपीसीओडीएल ने पुरी में पवित्र रथ यात्रा के दौरान विश्वसनीय बिजली आपूर्ति सुनिश्चित करने की अपनी प्रतिबद्धता दोहराई है। इस भव्य त्योहार के दौरान पुरी शहर में 74 मेगावाट पीक लोड को भरने के लिए 170 एमवीए की स्थापित क्षमता के साथ, टीपीसीओडीएल इस पवित्र त्योहार को सभी भक्तों के लिए एक निश्चित और सुरक्षित अनुभव बनाने के लिए प्रतिबद्ध है। त्योहार की तैयारी के हिस्से के रूप में, टीपीसीओडीएल ने पुरी शहर में चार 12.5/16 एमवीए पावर ट्रांसफार्मर (पीटीआर) स्थापित किए हैं, जिन्होंने स्थानीय नेटवर्क को सशक्त बनाया है और लोड प्रबंधन को मजबूत किया है। यह त्योहार के

रथयात्रा से पहले बिजली मरम्मत कार्य। दौरान विश्वसनीय बिजली प्रवाह सुनिश्चित करने के लिए एन-2 अतिरिक्त सुनिश्चित करेगा।

भुवनेश्वर में आधुनिक विद्युत वितरण प्रौद्योगिकी केंद्र द्वारा पूरे नेटवर्क को चौबीसों घंटे निगरानी की जाएगी। इसके अलावा, चौबीसों घंटे नेटवर्क को संचालित करने और बनाए रखने के लिए शहरों में 700 से अधिक प्रशिक्षित कर्मियों को तैनात किया गया है। 33/11 केवी प्राथमिक सबस्टेशनों, उच्च तनाव (एचटी) और कम तनाव (एलटी) स्विचगियर सिस्टम, ओवरहेड लाइनों और भूमिगत केबलों पर उचित नियंत्रण मरम्मत कार्यक्रम आयोजित किए गए हैं। आधुनिक सामग्री जैसे मोबाइल ट्रांसफार्मर फॉल्ट कैचिंग, ब्रेन, मैन लिफ्टर और स्पेयर ट्रांसफार्मर को भी किसी भी घटना में त्वरित प्रतिक्रिया के लिए तैयार रखा गया है। स्वास्थ्य जांच और सुरक्षा को प्राथमिकता देते हुए,

टीपीसीओडीएल ने व्यापक लीकेज करंट परीक्षण, सबस्टेशनों और कार्यालयों में अग्निशामक यंत्रों की स्थापना, इलेक्ट्रोव्यूशन को रोकने के लिए इन्सुलेट पैट की स्थापना और ब्राइ लगाकर वितरण ट्रांसफार्मरों को सुरक्षित करने जैसे कार्यक्रम आयोजित किए हैं। कंपनी की प्रतिबद्धता पर टिप्पणी करते हुए, टीपीसीओडीएल के सीईओ अरविंद सिंह ने कहा है कि रथ यात्रा केवल एक उत्सव नहीं है, यह एक भावना है जो लाखों लोगों को एक साथ लाती है। हमें शहर को मजबूत और सुरक्षित रखने में अपनी भूमिका पर बंधन गव है। हमारी टीम ने अथक परिश्रम किया है और हम इस महान त्योहार की आध्यात्मिक और सांस्कृतिक भावना का समर्थन करने के लिए पूरी तरह से प्रतिबद्ध हैं।

Synopsis: TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha, is once again stepping up to ensure a uninterrupted and reliable power supply during the much-revered Rath Yatra in Puri. With an installed capacity of 170 MVA to meet an anticipated peak load of 74 MW in Puri Town during the grand festival, TPCODL is committed to making this sacred event a smooth and safe experience for all devotees.

In preparation for the event, TPCODL has installed 4 numbers of 12.5/16 MVA Power Transformers (PTRs) strengthening the local network and ensuring robust load management. This will ensure N-2 redundancy, allowing for dependable and continuous power flow throughout the festivities.

The entire network shall be monitored round the clock by state-of-art Power Distribution Technology Centre at Bhubaneswar. A workforce of more than 700 trained professionals will also be deployed across the town to monitor and maintain the network 24/7. Thorough preventive maintenance activities have been conducted on 33/11 KV Primary Substations, High Tension (HT) and Low Tension (LT) switchgear systems, overhead lines and underground cables. Advanced equipment such as mobile transformers, fault locators, cranes, man lifters and spare transformers have been mobilized to ensure rapid response to any situation.

Prioritizing public safety, TPCODL has conducted extensive leakage current inspections, installed fire extinguishers across substations and offices, applied insulating paints to prevent electric shocks and secured distribution transformers with protective fencing.

No power outages for maintenance till 15 June: TPCODL

STATESMAN NEWS SERVICE
BHUBANESWAR, 7 MAY:

TP Central Odisha Distribution Limited (TPCODL), announced that there will be no scheduled power outages for routine maintenance work till 15 June .

This step aims to provide relief to consumers during the summer season. Power outages may occur in exceptional situations, such as new service connections, safety-related emergencies addressing unsafe conditions or urgent project work. In such cases, affected consumers will be informed in advance, said a release issued by TPCODL on Wednesday.

“We understand that summer brings added challenges and uninterrupted power is essential for comfort and wellbeing.

Our field teams are committed to ensure reliable power supply while continuing critical work with utmost care,” said Arvind Singh, CEO, TPCODL.

TPCODL suspends routine power outages until June 15 to ensure uninterrupted summer supply

PBD BUREAU

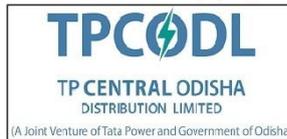

BHUBANESWAR, MAY 7

TP Central Odisha
Distribution Limited

(TPCODL), a joint venture between Tata Power and the Government of Odisha, has announced a temporary suspension of scheduled power outages for routine maintenance work until 15th June 2025. The move is intended to provide relief to consumers during the peak summer season.

To maintain uninterrupted and reliable power supply, TPCODL will refrain from carrying out any planned maintenance shutdowns during this period. However, exceptions may occur in specific situations, such as new service connections, safety-related emergencies, or critical project work. In such cases, consumers will be notified in advance.

“We recognize the challenges that summer brings and understand the importance of reliable power for the comfort and well-being of our consumers,” said Arvind Singh, CEO, TPCODL. “Our field teams are fully committed to ensuring an uninterrupted supply while carrying out essential tasks with the utmost care. As a consumer-centric organization, we remain dedicated to minimizing inconvenience and serving responsibly,” he added.

गर्मी में राहत: टीपीसी ओडीएल का बड़ा फैसला, 15 जून तक नहीं होगी शेड्यूल पावर कट

नवभारत ब्यूरो। भुवनेश्वर।

टाटा पावर और ओडिशा सरकार की संयुक्त उपक्रम कंपनी टीपी सेंट्रल ओडिशा डिस्ट्रीब्यूशन लिमिटेड (टीपीसीओडीएल) ने घोषणा की है कि 15 जून 2025 तक किसी भी नियमित रखरखाव कार्य के लिए शेड्यूल पावर कट नहीं किया जाएगा। इस फैसले का उद्देश्य गर्मी के मौसम में उपभोक्ताओं को राहत देना है। कंपनी ने बताया कि इस अवधि में निर्बाध और विश्वसनीय बिजली आपूर्ति सुनिश्चित करने के लिए कोई भी नियोजित रखरखाव बंद नहीं किया जाएगा। हालांकि, नई सेवा कनेक्शन, सुरक्षा कारणों से आपात

स्थिति या आवश्यक परियोजना कार्य जैसी विशेष परिस्थितियों में बिजली आपूर्ति प्रभावित हो सकती है। ऐसी स्थिति में प्रभावित उपभोक्ताओं को पहले से सूचना दी जाएगी। टीपीसीओडीएल के सीईओ अरविंद सिंह ने कहा, हम समझते हैं कि गर्मी के मौसम में लगातार बिजली आपूर्ति लोगों की सुविधा और स्वास्थ्य के लिए अत्यंत आवश्यक है। हमारी फील्ड टीम यह सुनिश्चित करने के लिए प्रतिबद्ध है कि उपभोक्ताओं को भरोसेमंद सेवा मिले। उन्होंने आगे कहा, एक उपभोक्ता-केन्द्रित संगठन के रूप में, यह हमारी जिम्मेदारी है कि हम सेवा दें और असुविधा को न्यूनतम करें।

Headline - TPCODL Announces No Power Outages for Routine Maintenance Till 15th June	

Synopsis: TP Central Odisha Distribution Limited (TPCODL), a joint venture between Tata Power and Government of Odisha, has announced that there will be no scheduled power outages for routine maintenance work till 15th June 2025. This step aims to provide relief to consumers during the summer season.

To ensure uninterrupted and reliable power supply during this period, TPCODL will not undertake any planned maintenance shutdowns. Power outages may occur in exceptional situations, such as new service connections, safety-related emergencies addressing unsafe conditions or urgent project work. In such cases, affected consumers will be informed in advance.

“We understand that summer brings added challenges and uninterrupted power is essential for comfort and wellbeing. Our field teams are committed to ensure reliable power supply while continuing critical work with utmost care,” said Arvind Singh, CEO, TPCODL. “As a consumer-centric organization, this is our commitment — to serve responsibly and minimise any inconvenience.”

TPCODL urges consumers to settle pending enforcement dues via Lok Adalat on May 10

PBD BUREAU

BHUBANESWAR, MAY 8

THE second National Lok Adalat of 2025, organized under the aegis of the National Legal Services Authority (NALSA), is scheduled to take place on 10th May 2025. This platform offers consumers an opportunity to resolve pre-litigation enforcement cases through amicable, out-of-court settlements.

At TPCODL, the Lok Adalat will be held within the jurisdiction of the District Legal Services Authorities in Kendrapara, Jagatsinghpur, Angul, and Nayagarh. The proceedings will address enforcement cases arising from inspections con-

ଭୁବନେଶ୍ୱର, ୯।୫: ଜାତୀୟ ଆଇନ ସେବା କର୍ତ୍ତୃପକ୍ଷଙ୍କ ଅଧୀନରେ ଶନିବାର ଚିପିସିଓଡିଏଲ ଗ୍ରାହକଙ୍କ ପାଇଁ ଦ୍ୱିତୀୟ ଜାତୀୟ ଲୋକ ଅଦାଲତ ଅନୁଷ୍ଠିତ ହେବ । ଏଠାରେ ଗ୍ରାହକ ଆପୋଷ ସମାଧାନ ଜରିଆରେ ପୂର୍ବ ବିବାଦ ଓ ଏନଫୋର୍ସମେଣ୍ଟ ମାମଲା ଆଦି ଫଇସଲା କରିବାର ସୁଯୋଗ ପାଇବେ । ଚିପିସିଓଡିଏଲ ଜିଲା ଆଇନ ସେବା କର୍ତ୍ତୃପକ୍ଷ ଅଧୀନରେ କେନ୍ଦ୍ରାପଡ଼ା, ଜଗତସିଂହପୁର, ଅନୁଗୋଳ ଓ ନୟାଗଡ଼ରେ ଲୋକ ଅଦାଲତ ଅନୁଷ୍ଠିତ ହେବ । ୨୦୨୦ ଜୁନ୍ ୩୦ ଓ ୨୦୨୪ ମାର୍ଚ୍ଚ ୩୧ ମଧ୍ୟରେ ହୋଇଥିବା ଯାଞ୍ଚ ସମ୍ପର୍କିତ ପ୍ରବର୍ତ୍ତନ ମାମଲାଗୁଡ଼ିକୁ ଏଥିପାଇଁ ବିଚାରକୁ ନିଆଯିବ । ଚିପିସିଓଡିଏଲ୍ ସିଇଓ ଅରଭିନ୍ଦ ସିଂହ ଏହି ସୁଯୋଗ ନେବା ପାଇଁ ଗ୍ରାହକଙ୍କୁ ନିବେଦନ କରିଛନ୍ତି ।

Synopsis: The Second National Lok Adalat of 2025 is scheduled to be held on 10th May 2025, under the aegis of the National Legal Services Authority (NALSA). The Lok Adalat enables consumers to resolve pre-litigation enforcement cases through amicable, out-of-court settlements.

At TPCODL, the Lok Adalat will be conducted within the jurisdiction of District Legal Services Authorities in Kendrapara, Jagatsinghpur, Angul and Nayagarh. It will cover enforcement cases related to inspections carried out between 30th June 2020 and 31st March 2024.

TPCODL urges all consumers with pending enforcement dues in these districts to participate in the Lok Adalat and settle their cases through applicable waivers and flexible payment options.

“The Lok Adalat serves an effective platform for the resolution of pending enforcement cases. We encourage all eligible consumers to come forward and avail this opportunity.” said Arvind Singh, CEO, TPCODL.

Energy Department’s Standing Committee visits TPCODL’s Power Distribution Technology Centre

PBD BUREAU

BHUBANESWAR, MAY 9

A delegation from the Standing Committee-X (Energy) of the Odisha Legislative Assembly visited the Power Distribution Technology Centre of TP Central Odisha Distribution Limited (TPCODL) at Power House Square, Bhubaneswar. The visit aimed to review the ongoing advancements in digital infrastructure and operational excellence within Odisha’s power distribution system.

The delegation was led by Ranendra Pratap Swain, MLA and Chairman of the Standing Committee-X (2025-26), and included Saroj Kumar Pradhan, MLA; Dibya Shankar Mishra,

MLA, and Ramesh Chandra Behera, MLA. They were accompanied by the Managing Director of GRIDCO, senior officials from the Energy Department, and the senior leadership team of TPCODL.

TPCODL officials welcomed the committee and presented a live demonstration of the Supervisory Control and Data Acquisition (SCADA) platform, which enables real-time monitoring of the power

network, intelligent fault isolation, and automated grid operations.

The committee members were also shown the capabilities of the Power Distribution Technology Centre, which houses the Centralized Power System Control Centre (CPSCC) and strategically located Area Power System Control Centres (APSCCs). These advanced systems work together to ensure round-the-clock monitoring, efficient supply management, and quick response to outages across the TPCODL distribution network.

Recognizing the significant advancements in technology,

Ranendra Pratap Swain, Chairman of the Committee, commented: “The deployment of advanced systems at the Power Distribution Technology Centre is truly commendable. This centre is well-equipped to respond effectively to emergencies and disasters, including cyclones and even extremist threats.”

Arvind Singh, CEO of TPCODL, expressed his gratitude for the committee’s visit and support, saying: “We are honoured to host the esteemed members of the Standing Committee and showcase the transformation taking place across Odisha’s power distribution sector. Their feedback is invaluable as we continue to strengthen our operations through innovation, technology, and customer-centric service.”

Energy Department's Standing Committee visits TPCODL's Power Distribution Technology Centre

Bhubaneswar, (correspondent): A delegation from the Departmentally Related Standing Committee-X (Energy) of the Odisha Legislative Assembly visited the Power Distribution Technology Centre of TP Central Odisha Distribution Limited (TPCODL) at Power House Square, Bhubaneswar. The visit aimed to review the ongoing advancements in digital infrastructure and operational excellence in Odisha's power distribution system. The delegation was led by Shri Ranendra Pratap Swain, M.L.A., Chairman, Standing Committee-X (2025-26) with Shri Saroj Kumar Pradhan, M.L.A., Shri

Dibyashankar Mishra, M.L.A. and Shri Ramesh Chandra Behera, M.L.A. They were accompanied by Managing Director, GRIDCO, Senior officials of Energy department and Senior leadership team of TPCODL. TPCODL officials welcomed the Committee and presented a live demonstration of the Supervisory Control and Data Ac-

quisition (SCADA) platform, which enables real-time power network monitoring, intelligent fault isolation and automated grid operations. The Committee members were also shown the capabilities of the Power Distribution Technology Centre, which houses the Centralized Power System Control Centre (CPSC) and strategically located Area

Power System Control Centres (APSCCs). These advanced systems work together to ensure round-the-clock monitoring, seamless supply management, and rapid outage response across the TPCODL distribution network. "Recognising the significant strides in technology, Shri Ranendra Pratap Swain, Chairman of the Committee, stated, "The deployment of advanced systems at the Power Distribution Technology Centre is truly commendable. This Centre is well-equipped to respond effectively to emergencies and disasters, including cyclones and even extremist threats."

ଭୁବନେଶ୍ୱର, ୯।୫(ରୁ.ପ୍ର): ଓଡ଼ିଶା ବିଧାନସଭାର ବିଭାଗୀୟ ସମ୍ପର୍କିତ ଷ୍ଟାଣ୍ଡିଂ କମିଟି-ଏକ୍ସ (ଶକ୍ତି)ର ପ୍ରତିନିଧି ଦଳ ଭୁବନେଶ୍ୱରର ପାଖିର ହାଉସ୍ ସ୍କେ ନିକଟରେ ଥିବା ଟିପିସିଓଡିଏଲର ବିଦ୍ୟୁତ୍ ବଣ୍ଟନ ପ୍ରଯୁକ୍ତି କେନ୍ଦ୍ର ପରିଦର୍ଶନ କରିଛନ୍ତି। କମିଟି ଅଧ୍ୟକ୍ଷ ଚିଆ ବିଧାୟକ ରମେଶ ଚନ୍ଦ୍ର ପ୍ରତାପ ସ୍ୱାଇଁଙ୍କ ନେତୃତ୍ୱାଧୀନ ପ୍ରତିନିଧି ଦଳରେ ବିଧାୟକ ସରୋଜ କୁମାର ପ୍ରଧାନ, ବିଧାୟକ ବିକାଶକର ମିଶ୍ର ଓ ବିଧାୟକ ରମେଶ ଚନ୍ଦ୍ର ବେହେରା ପ୍ରମୁଖ ପ୍ରଯୁକ୍ତି କେନ୍ଦ୍ର ପରିଦର୍ଶନ କରିଥିଲେ। ତାଙ୍କ ସହିତ ଗ୍ରୀଡ଼ବୋର ପରିଚାଳନା ନିର୍ଦ୍ଦେଶକ, ଶକ୍ତି ବିଭାଗର ବରିଷ୍ଠ ଅଧିକାରୀ ଏବଂ ଟିପିସିଓଡିଏଲର ନେତୃତ୍ୱ ଦଳ ଉପସ୍ଥିତ ଥିଲେ।

ଟିପିସିଓଡିଏଲ ଅଧିକାରୀମାନେ କମିଟି ସଦସ୍ୟଙ୍କୁ ଷ୍ଟାଡ଼ା ପ୍ଲଟଫର୍ମ କିଭଳି ବିଦ୍ୟୁତ୍ ବଣ୍ଟନରେ ବାସ୍ତବ ସମୟ ନିରୀକ୍ଷଣ କରିବା ସହିତ ବୁଦ୍ଧିମତ୍ତାର ସହ ତ୍ରୁଟିକୁ ଅଲଗା କରୁଛି ଏବଂ ଗ୍ରୀଡ଼ ପରିଚାଳନାକୁ ସହଜକରି ଦେଖାଇଛନ୍ତି।

ତାହା ବୁଲି ଦେଖାଇଥିଲେ। କମିଟିର ସଦସ୍ୟମାନଙ୍କୁ ବିଦ୍ୟୁତ୍ ବଣ୍ଟନ ପ୍ରଯୁକ୍ତି କେନ୍ଦ୍ରର ଦକ୍ଷତା ବିଷୟରେ ଅବଗତ କରାଯାଇଥିଲା। କମିଟି ଅଧ୍ୟକ୍ଷ ଶ୍ରୀ ସ୍ୱାଇଁ କହିଛନ୍ତି ଯେ, ବିଦ୍ୟୁତ୍ ବଣ୍ଟନ ପ୍ରଯୁକ୍ତି କେନ୍ଦ୍ରରେ ମୁତୟନ କରାଯାଇଥିବା ଅତ୍ୟାଧୁନିକ ବ୍ୟବସ୍ଥା ବାସ୍ତବରେ ପ୍ରଶଂସାଯୋଗ୍ୟ। ବାତ୍ୟା ଓ ଉଗ୍ରବାଦ ଭଳି ଜରୁରୀକାଳୀନ ଓ ବିପର୍ଯ୍ୟୟ ପରିସ୍ଥିତିର

ମୁକାବିଲା କରିବାକୁ ଏହି କେନ୍ଦ୍ରରେ ଉତ୍ତମ ବ୍ୟବସ୍ଥା ରହିଛି। ଟିପିସିଓଡିଏଲର ସିରାଓ ଅନଲିଭ୍ ସିଂହ କମିଟିର ପରିଦର୍ଶନ ଓ ସମର୍ଥନ ପାଇଁ କୃତଜ୍ଞତା ଜଣାଇ କହିଛନ୍ତି ଯେ, ଷ୍ଟାଣ୍ଡିଂ କମିଟିର ସମସ୍ତ ସଦସ୍ୟଙ୍କୁ ଆମନ୍ତ୍ରଣ କରି ଏବଂ ସେମାନଙ୍କ ସାମ୍ନାରେ ଓଡ଼ିଶା ବିଦ୍ୟୁତ୍ ବଣ୍ଟନ କ୍ଷେତ୍ରରେ ଜାରି ରହିଥିବା ନୂଆନ୍ତରଣକୁ ପ୍ରଦର୍ଶନ କରି ଆମେ ଉନ୍ନତ।

Synopsis: A delegation from the Departmentally Related Standing Committee-X (Energy) of the Odisha Legislative Assembly visited the Power Distribution Technology Centre of TP Central Odisha Distribution Limited (TPCODL) at Power House Square, Bhubaneswar. The visit aimed to review the ongoing advancements in digital infrastructure and operational excellence in Odisha's power distribution system.

The delegation was led by Shri Ranendra Pratap Swain, M.L.A., Chairman, Standing Committee-X (2025–26) with Shri Saroj Kumar Pradhan, M.L.A., Shri Dibya Shankar Mishra, M.L.A. and Shri Ramesh Chandra Behera, M.L.A. They were accompanied by Managing Director, GRIDCO, Senior officials of Energy department and Senior leadership team of TPCODL, TPCODL officials welcomed the Committee and presented a live demonstration of the Supervisory Control and Data Acquisition (SCADA) platform, which enables real-time power network monitoring, intelligent fault isolation and automated grid operations.

The Committee members were also shown the capabilities of the Power Distribution Technology Centre, which houses the Centralized Power System Control Centre (CPSCC) and strategically located Area Power System Control Centres (APSCCs). These advanced systems work together to ensure round-the-clock monitoring, seamless supply management, and rapid outage response across the TPCODL distribution network.

Energy department's standing committee visits TPCODL's PDC

POST NEWS NETWORK

Bhubaneswar, May 10: A delegation from the Energy department standing committee visited the Power Distribution Technology Centre of TPCODL at Power House Square, Bhubaneswar. The visit aimed to review the ongoing advancements in digital infrastructure and operational excellence in Odisha's power distribution system.

The delegation was led by Ranendra Pratap Swain, MLA, and Chairman, Standing Committee-X (2025-26) with Saroj Kumar Pradhan, MLA, Dibya Shankar Mishra, MLA, and Ramesh Chandra Behera, MLA. They were accompanied by Managing Director, GRIDCO, senior officials of Energy department and senior leadership team of TPCODL.

TPCODL officials welcomed the Committee and presented a live demonstration of the Supervisory Control and Data Acquisition (SCADA) platform, which enables real-time power network monitoring, intelligent fault isolation and automated grid operations.

The Committee members were also shown the capabilities of the Power Distribution Technology Centre, the Centralized Power System Control Centre (CPSCC) and strategically located Area Power System Control Centres (APSCCs). These advanced systems work together to ensure round-the-clock monitoring, seamless supply management, and rapid outage response across the TPCODL distribution network.

"Recognising the significant strides in technology, Ranendra Pratap Swain, Chairman of the Committee, stated, the deployment of advanced sys-

tems at the Power Distribution Technology Centre is truly commendable. This Centre is well-equipped to respond effectively to emergencies and disasters, including cyclones and even extremist threats."

Arvind Singh, CEO, TPCODL, stated "We are honoured to host the esteemed members of the Standing Committee and demonstrate the transformation taking place across Odisha's power distribution sector. Their feedback is invaluable as we continue to strengthen our operations through innovation, technology and customer-centric service"

Assembly's Energy standing committee visits TPCODL centre

EXPRESS NEWS SERVICE @Bhubaneswar

A delegation of the departmentally-related standing committee (Energy) of the Odisha Legislative Assembly on Sunday visited the power distribution technology centre of TPCODL at Power House Square here.

The delegation led by committee chairman Ranendra Pratap Swain made the visit to gain a first-hand knowledge about the integration of digital technology and operational excellence in power distribution system.

TPCODL officials gave the delegation a live demonstration of the supervisory control and data acquisition (SCADA) platform, which enables real-time power network monitoring, intelligent fault isolation and automated grid operations.

The committee was also shown the capabilities of the Power Distribution Technology Centre (PDT), which houses the centralised power system control centre (CPSC) and strategically located area power system control centres (APSCCs). These advanced systems work together to ensure round-the-clock monitoring, seamless supply management and rapid response to power outages across the TPCODL distribution areas.

The committee members comprised MLAs Saroj Kumar Pradhan, Dibya Shankar Mishra and Ramesh Chandra Behera. The delegation was accompanied by managing director, GRIDCO, Trilochan Panda, and senior officials of Energy department and TPCODL.

Energy Department's Standing Committee visits TPCODL's Power Distribution Technology Centre

Bhubaneswar, (ENS): A delegation from the Departmentally Related Standing Committee-X (Energy) of the Odisha Legislative Assembly visited the Power Distribution Technology Centre of TP Central Odisha Distribution Limited (TPCODL) at Power House Square, Bhubaneswar. The visit aimed to review the ongoing advancements in digital infrastructure and operational excellence in Odisha's power distribution system.

The delegation was led by Shri Ranendra Pratap Swain, M.L.A., Chairman, Standing Committee-X (2025-26) with Shri Saroj Kumar Pradhan, M.L.A., Shri Dibya Shankar Mishra, M.L.A. and Shri Ramesh Chandra Behera, M.L.A. They were accompanied by Managing Director, GRIDCO, Senior officials of Energy department and Senior leadership team of TPCODL,

TPCODL officials

welcomed the Committee and presented a live demonstration of the Supervisory Control and Data Acquisition (SCADA) platform, which enables real-time power network monitoring, intelligent fault isolation and automated grid operations. The

Committee members were also shown the capabilities of the Power Distribution Technology Centre, which houses the Centralized Power System Control Centre (CPSCC) and strategically located Area Power System Control Centres (APSCCs). These advanced systems work together to ensure round-the-clock monitoring, seamless supply management, and rapid outage response across the TPCODL distribution network.

"Recognising the significant strides in technology, Shri Ranendra Pratap Swain, Chairman of the

Committee, stated, "The deployment of advanced systems at the Power Distribution Technology Centre is truly commendable. This Centre is well-equipped to respond effectively to emergencies and disasters, including cyclones and even extremist threats."

Mr. Arvind Singh, CEO, TPCODL, expressing gratitude for the Committee's visit and support, stated: "We are honoured to host the esteemed members of the Standing Committee and demonstrate the transformation taking place across Odisha's power distribution sector. Their feedback is invaluable as we continue to strengthen our operations through innovation, technology and customer-centric service"

The visit reaffirmed TPCODL's role in driving forward Odisha's energy transition with a focus on reliability, digitization and transparency.

Synopsis: A delegation from the Departmentally Related Standing Committee-X (Energy) of the Odisha Legislative Assembly visited the Power Distribution Technology Centre of TP Central Odisha Distribution Limited (TPCODL) at Power House Square, Bhubaneswar. The visit aimed to review the ongoing advancements in digital infrastructure and operational excellence in Odisha's power distribution system.

The delegation was led by Shri Ranendra Pratap Swain, M.L.A., Chairman, Standing Committee-X (2025–26) with Shri Saroj Kumar Pradhan, M.L.A., Shri Dibya Shankar Mishra, M.L.A. and Shri Ramesh Chandra Behera, M.L.A. They were accompanied by Managing Director, GRIDCO, Senior officials of Energy department and Senior leadership team of TPCODL, TPCODL officials welcomed the Committee and presented a live demonstration of the Supervisory Control and Data Acquisition (SCADA) platform, which enables real-time power network monitoring, intelligent fault isolation and automated grid operations.

The Committee members were also shown the capabilities of the Power Distribution Technology Centre, which houses the Centralized Power System Control Centre (CPSCC) and strategically located Area Power System Control Centres (APSCCs). These advanced systems work together to ensure round-the-clock monitoring, seamless supply management, and rapid outage response across the TPCODL distribution network.

House panel visits TPCODL Distribution Tech Centre

PNS ■ Bhubaneswar

A delegation from the Departmentally Related Standing Committee-X (Energy) of the Odisha Legislative Assembly visited the Power Distribution Technology Centre of TP Central Odisha Distribution Limited (TPCODL) here.

The visit aimed to review the ongoing advancements in digital infrastructure and operational excellence in Odisha's power distribution system.

The delegation was led by Chairman, Standing Committee-X (2025-26) MLA Ranendra Pratap Swain with MLAs Saroj Kumar Pradhan, Dibya Shankar Mishra, and Ramesh Chandra Behera. They were accompanied by Managing Director, GRIDCO, Senior officials of Energy department and Senior leadership team of TPCODL.

TPCODL officials welcomed

the Committee and presented a live demonstration of the Supervisory Control and Data Acquisition (SCADA) platform, which enables real-time power network monitoring, intelligent fault isolation and automated grid operations.

The Committee members were also shown the capabilities of the Power Distribution Technology Centre, which houses the Centralized Power System Control Centre (CPSCC) and strategically located Area Power System Control Centres (APSCCs).

These advanced systems work together to ensure round-the-clock monitoring, seamless supply management, and rapid outage response across the TPCODL distribution network.

"Recognising the significant strides in technology, committee Chairman Swain stated, "The deployment of advanced systems at the Power Distribution Technology Centre is truly commendable. The Centre is well-equipped to respond effectively to emergencies and disasters, including

cyclones and even extremist threats."

CEO, TPCODL Arvind Singh, expressing gratitude for the committee's visit and support, stated: "We are honoured to host the esteemed members of the Standing Committee and demonstrate the transformation taking place across Odisha's power distribution sector. Their feedback is invaluable as we continue to strengthen our operations through innovation, technology and customer-centric service."

TPCODL wins Gold Trophy

STATESMAN NEWS SERVICE
BHUBANESWAR, 20 MAY:

TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha, won the Gold Trophy and Certificate for Occupational Health, Safety and Environment service excellence at the International Business Conference (IBC) cum Award Ceremony 2025, held in Mumbai.

The award recognises the excellent performance and significant achievements of TP Central Odisha Distribution Limited in upholding the highest standards of health, safety and environmental practices

within the service industry.

Arvind Singh, CEO, TPCODL, congratulated the team, stated, “Safety is the core value of TPCODL and we are committed to provide a safe working environment to all employees. This award is a testament to our team’s strong commitment for fostering a safe and sustainable work culture. I applaud the entire TPCODL team for their hard work, innovation, and adherence to safety protocols which have been instrumental in earning this honour. We will continue to drive innovation and strengthen our safety practices to serve our communities with excellence.”

TPCODL wins gold trophy for OHSE Service Excellence at IBC Mumbai 2025

PBD BUREAU

BHUBANESWAR, MAY 20

TP Central Odisha Distribution Limited (TPCODL), a joint venture between Tata Power and the Government of Odisha, has been honoured with the prestigious Gold Trophy and Certificate for Occupational Health, Safety, and Environmental (OHSE) Service Excellence at the International Business Conference (IBC) and Awards Ceremony 2025, held in Mumbai.

The recognition, awarded under the Power Transmission category in the Service Sector, highlights TPCODL's outstand-

ing performance and commitment to upholding the highest standards of health, safety, and environmental (HSE) practices. The company's continuous efforts to create a safe and sustainable work environment have set new benchmarks for excellence in the utility services industry.

Congratulating the team, TPCODL CEO Arvind Singh said, "Safety

is a core value at TPCODL, and we remain steadfast in our commitment to providing a secure working environment for all our employees. This

award is a testament to our team's unwavering dedication to fostering a culture of safety and sustainability. I commend the entire TPCODL team for their diligence, innovation, and adherence to rigorous safety standards, which have been instrumental in achieving this honour. We will continue to enhance our practices and innovate to better serve our communities."

Women in Power: Women Engineers Lead Meter Testing Lab Operations at TPCODL

Bhubaneswar, (ENS):TPCODL takes pride in the remarkable women whose leadership and expertise drive excellence across the organization. Their contributions not only strengthen our workforce but also inspire the next generation of professionals. It is an honor to have an all-women team at the helm of our advanced Fully Automatic Energy Meter Testing Laboratory. Led by Ms. Tanuja Behera, the team—comprising Ms. Namita Rani Muduli, Ms. Asima Rath, Ms. Subhashree Sasmita and Ms. Sunanda Rani Dalai—ensures precision and efficiency in energy meter testing, setting new benchmarks in excellence.

Energy meters are tested on Fully Automatic Test Benches at our NABL accredited Meter Testing Laboratories in Bhubaneswar & Cuttack. Accredited in 2023 by the National Accreditation Board for Testing & Calibration Laboratories (NABL), a constituent board of the Quality Council of India (QCI), these labs adhere to stringent standardized procedures, ensuring precision and high

quality results. This accreditation reinforces consumer confidence by guaranteeing the accuracy and reliability of test results.

Equipped with five fully automatic test benches—three in Bhubaneswar and two in Cuttack—the labs can test both single-phase and three-phase smart meters, processing up to 300 meters daily. Each bench simultaneously tests 20 meters, leveraging advanced technology to enhance accuracy, transparency and efficiency while eliminating human errors. Since its establishment, the team has successfully tested over 1 lakh meters.

TPCODL remains

committed to gender parity, recognizing the diverse strengths women bring to the organization. The company has designed workplace policies that empower women through leadership opportunities, challenging roles that drive growth, along with dedicated support during critical life stages. Additionally, initiatives such as senior leader mentorship, structured career development programs and inclusive policies further reinforce TPCODL's commitment to fostering a progressive and supportive work environment.

टीपीसी ओडीएल को उत्कृष्टता के लिए गोल्ड ट्रॉफी से नवाजा गया

भुवनेश्वर। टाटा पावर और ओडिशा सरकार के संयुक्त उपक्रम टीपी सेंट्रल ओडिशा डिस्ट्रीब्यूशन लिमिटेड (टीपीसीओडीएल) को मुंबई में आयोजित अंतर्राष्ट्रीय व्यापार सम्मेलन एवं पुरस्कार समारोह

2025 में प्रतिष्ठित गोल्ड ट्रॉफी और प्रमाण पत्र से सम्मानित किया गया है। यह सम्मान कंपनी को पावर ट्रांसमिशन श्रेणी के तहत व्यावसायिक स्वास्थ्य, सुरक्षा और पर्यावरण सेवा उत्कृष्टता के लिए प्रदान किया गया। यह पुरस्कार टीपीसीओडीएल द्वारा उद्योग में स्वास्थ्य, सुरक्षा और पर्यावरण के उच्चतम मानकों को अपनाने तथा सुरक्षित और टिकाऊ कार्य वातावरण सुनिश्चित करने की दिशा में किए गए महत्वपूर्ण प्रयासों का प्रतीक है। टीपीसीओडीएल के मुख्य कायकारी अधिकारी अरविंद सिंह ने इस उपलब्धि

पर खुशी जाहिर करते हुए कहा, सुरक्षा टीपीसीओडीएल का मूल मूल्य है और हम सभी कर्मचारियों को एक सुरक्षित कार्यस्थल देने के लिए प्रतिबद्ध हैं। यह पुरस्कार हमारी टीम की निष्ठा, मेहनत और सुरक्षा प्रोटोकॉल के सख्त पालन का परिणाम है। हम नवाचार को बढ़ावा देते हुए सुरक्षा मानकों को और सुदृढ़ करने के लिए प्रयासरत रहेंगे। टीपीसीओडीएल की इस उपलब्धि ने न केवल ओडिशा, बल्कि पूरे देश में सेवा उद्योग में सुरक्षा और पर्यावरण संरक्षण के क्षेत्र में एक नई मिसाल कायम की है।

TPCODL launches “Missed Call Service” for Outage Updates

STATESMAN NEWS SERVICE

BHUBANESWAR, 29 MAY:

TPCentral Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha, rolled out its new smart and user-friendly Missed Call Service to streamline outage information complaint registration.

This digital-first solution enables customers to receive real-time power outage updates or register a No Power Supply (NPS) complaint by simply giving a missed call to 97777 74841 from their registered mobile number. It serves as an additional option alongside the existing helpline number 1912.

“At TPCODL, our customers’ time and trust are of the utmost importance,” said Arvind Singh, CEO, TPCODL. “By introducing this Missed Call Service, we are not only simplifying the way our consumers report power outages but also accelerating our response times”.

TPCODL introduces Missed Call Service for instant outage alerts and NPS complaint registration

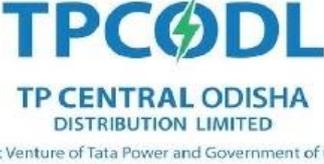

PBD BUREAU

BHUBANESWAR, MAY 29

TP Central Odisha Distribution Limited (TPCODL), a joint venture between Tata Power and the Government of Odisha, has launched a new Missed Call Service to simplify the process of receiving outage updates and registering No Power Supply (NPS) complaints.

This smart, user-friendly initiative reinforces TPCODL's commitment to customer convenience, innovation, and operational excellence. With a simple missed call to 97777 74841 from a registered mobile number, consumers can now instantly receive power outage information or lodge an NPS complaint – without the need for a live call or internet connectivity.

The Missed Call Service complements TPCODL's existing cus-

MISSED CALL SERVICE NUMBER-

tomers support helpline 1912, offering users more flexibility and ease in reaching out for assistance.

“This service demonstrates our dedication to leveraging digital

solutions for better customer engagement,” said Arvind Singh, CEO, TPCODL. “At TPCODL, we value our customers’ time and trust. By simplifying the complaint registration process and speeding up our response times, we aim to build a more reliable and responsive electricity distribution network,” he added.

This initiative is part of TPCODL's broader digital transformation agenda, designed to enhance customer satisfaction and ensure uninterrupted power supply across Central Odisha.

TPCODL Launches "Missed Call Service" for Instant Outage Updates and NPS Complaint Registration

Bhubaneswar, (correspondent): TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha, announced the rollout of its new smart and user-friendly Missed Call Service. Designed to streamline outage information and No Power Supply (NPS) complaint registration, this service exemplifies TPCODL's commitment to innovation, operational excellence and enhanced customer convenience.

This digital-first solution enables customers to receive real-time power outage updates or register a No Power Supply (NPS) complaint by simply giving a missed call to 97777 74841 from their registered mobile number. It serves as an

additional option alongside the existing helpline number 1912, offering greater convenience and flexibility in complaint registration. The Missed Call Service gives customers an easy way to connect with TPCODL's support team, showing the company's commitment to using digital tools and improving customer service. "At TPCODL, our customers' time and trust are of the utmost importance," said Arvind Singh, CEO, TPCODL. "By introducing this Missed Call Service, we are not only simplifying the way our consumers report power outages but also accelerating our response times. This initiative reflects our ongoing commitment to harnessing technology for a more reliable and responsive electricity distribution network."

Synopsis: TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha, announced the rollout of its new smart and user-friendly Missed Call Service. Designed to streamline outage information and No Power Supply (NPS) complaint registration, this service exemplifies TPCODL’s commitment to innovation, operational excellence and enhanced customer convenience. This digital-first solution enables customers to receive real-time power outage updates or register a No Power Supply (NPS) complaint by simply giving a missed call to 97777 74841 from their registered mobile number. It serves as an additional option alongside the existing helpline number 1912, offering greater convenience and flexibility in complaint registration.

“At TPCODL, our customers’ time and trust are of the utmost importance,” said Arvind Singh, CEO, TPCODL. “By introducing this Missed Call Service, we are not only simplifying the way our consumers report power outages but also accelerating our response times. This initiative reflects our ongoing commitment to harnessing technology for a more reliable and responsive electricity distribution network.”

TPCODL embraces smart metering to empower consumers and ensure error-free billing

PBD BUREAU

BHUBANESWAR, MAY 30

TP Central Odisha Distribution Limited (TPCODL), a joint venture between Tata Power and the Government of Odisha, has launched smart meters across all consumer categories, marking a significant step toward efficient and modern energy management. This initiative aligns with directives from the Government of India, the

Government of Odisha, and the Odisha Electricity Regulatory Commission (OERC).

Smart meters provide automated reading and billing, ensuring accurate and timely bills for consumers. While the installation of smart meters in pre-paid mode is optional, these meters are typically installed in post-paid mode by default. Consumers who prefer a pre-paid option can request it.

In an effort to further

empower consumers, TPCODL has integrated smart meters with the Mitra app, allowing users to monitor their daily electricity consumption in graphical form for the past 30 days. This feature helps consumers plan their energy usage more efficiently, enabling them to reduce monthly bills. Prepaid users can also track their balance in real time, offering better control over usage and expenses.

For support or inquiries about smart meters, TPCODL provides a 24/7 call center accessible at 1912 or 1800-345-7122. Consumers can also visit their nearest Customer Care Centre or TPCODL office, or visit www.tpcentralodisha.com for further information.

TPCODL Embraces Smart Metering to Empower Consumers and Ensure Error-Free Billing

Bhubaneswar, (correspondent): TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha has introduced Smart Meters across all consumer categories, marking a major leap towards smart and efficient energy management. This follows directives from the Government of India, Government of Odisha and the OERC. Smart meters offer automated, reading and billing,

ensuring error-free and timely bills for consumers. Installation of Smart Meters on pre-paid mode is not mandatory. These meters are always installed in post-paid mode, while the pre-paid option is available on consumer's request. To empower consumers with real-time insights, TPCODL has integrated smart meters with the Mitra App, enabling users to track their daily electricity consumption in graphical form for the last 30 days. This

feature helps consumers plan their energy usage and reduce monthly bills effectively. Prepaid users can also monitor their balance in real time, allowing greater control over usage and expenses. For any queries or support regarding smart meters, TPCODL provides a 24x7 Call Centre accessible via 1912 / 1800-345-7122. Consumers can also visit the nearest Customer Care Centre or TPCODL office, or log on to www.tpcentralodisha.com for more information

ଚିପିସିଓଡିଏଲ ପକ୍ଷରୁ ସ୍ମାର୍ଟ ମିଟର ସଚେତନତା କାର୍ଯ୍ୟକ୍ରମ

ଭୁବନେଶ୍ୱର, ୩୦୫: ଡୁଟିମୁକ୍ତ ବିଲିଂ ପାଇଁ ଚିପିସିଓଡିଏଲ ପକ୍ଷରୁ ସ୍ମାର୍ଟ ମିଟର ଉପଯୋଗ ପାଇଁ ଗ୍ରାହକଙ୍କୁ ସଚେତନ କରାଯାଇଛି । ଭାରତ ସରକାର, ଓଡ଼ିଶା ସରକାର ଏବଂ ଓଇଆର୍ସିକ ନିର୍ଦ୍ଦେଶାନୁସାରେ ଏହି ପଦକ୍ଷେପ ଗ୍ରହଣ କରାଯାଇଛି । ସ୍ମାର୍ଟ  ମିଟର ସ୍ୱୟଂକ୍ରିୟ ରିଡିଂ ଓ ବିଲିଂ ସୁବିଧା ପ୍ରଦାନ କରୁଛି । ପ୍ରିପେଡ୍ ମୋଡ୍ରେ ସ୍ମାର୍ଟ ମିଟର ଲଗାଇବା ବାଧ୍ୟତାମୂଳକ ନୁହେଁ । ଏହି ମିଟରଗୁଡ଼ିକୁ ସର୍ବଦା ପୋଷ୍ଟପେଡ୍ ମୋଡ୍ରେ ସ୍ଥାପନ କରାଯାଇଥାଏ ଓ ଗ୍ରାହକଙ୍କ ଅନୁରୋଧକ୍ରମେ ପ୍ରିପେଡ୍ ବିକଳ୍ପ ଉପଲବ୍ଧ କରାଯାଇଥାଏ । ସ୍ମାର୍ଟ ମିଟରକୁ ଏହାର ମିତ୍ର ଆପ୍ ସହ ଯୋଡ଼ାଯାଇଛି । ଯାହା ଗ୍ରାହକଙ୍କୁ ଶକ୍ତି ବ୍ୟବହାର ଯୋଜନା କରି ବିଦ୍ୟୁତ୍ ବିଲକୁ ହ୍ରାସ କରିବାରେ ସହାୟକ ହେବ । ସ୍ମାର୍ଟ ମିଟର ସମ୍ପର୍କିତ ପ୍ରଶ୍ନ ଓ ସହାୟତା ପାଇଁ ୨୪ ଘଣ୍ଟିଆ କଲ୍ ସେଣ୍ଟର ସୁବିଧା କରାଯାଇଛି । ନିକଟତମ ଗ୍ରାହକ ସେବା କେନ୍ଦ୍ର, ଚିପିସିଓଡିଏଲ କାର୍ଯ୍ୟାଳୟ ରେ ମଧ୍ୟ ସମସ୍ତ ସହାୟତା ଯୋଗାଇଦିଆଯାଇଛି ବୋଲି ବିତରଣ ସଂସ୍ଥା ପକ୍ଷରୁ କୁହାଯାଇଛି ।

Synopsis: TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha has introduced Smart Meters across all consumer categories, marking a major leap towards smart and efficient energy management. This follows directives from the Government of India, Government of Odisha and the OERC.

Smart meters offer automated, reading and billing, ensuring error-free and timely bills for consumers. Installation of Smart Meters on pre-paid mode is not mandatory. These meters are always installed in post-paid mode, while the pre-paid option is available on consumer's request.

To empower consumers with real-time insights, TPCODL has integrated smart meters with the Mitra App, enabling users to track their daily electricity consumption in graphical form for the last 30 days. This feature helps consumers plan their energy usage and reduce monthly bills effectively. Prepaid users can also monitor their balance in real time, allowing greater control over usage and expenses.

ଟିପିଓଡିଏଲ୍ ପକ୍ଷରୁ ମିସ୍ତ କଲ୍ ସେବା'ର ଶୁଭାରମ୍ଭ

- ନୌ ପାଣ୍ଡର ସମ୍ପୂର୍ଣ୍ଣ ଅଭିଯୋଗ ପଞ୍ଜୀକରଣ ସହ ମିଳିତ ଚଳାଳ ବିଦ୍ୟୁତ୍ ବିଭାଗ ସୂଚନା

ଭୁବନେଶ୍ୱର, ୨୯/୦୫/୨୦୨୫: ଚୀନା ପାଣ୍ଡର ଓ ଡିଡିଆ ସରକାରଙ୍କ ଯୋଗା ଉଦ୍ୟୋଗ ଟିପି ଉଦ୍ୟୋଗ ଡିଡିଆ ଟିପିଓଡିଏଲ୍ (ଟିପିଓଡିଏଲ୍) ପକ୍ଷରୁ ମିସ୍ତ କଲ୍ ସେବା ଶୁଭାରମ୍ଭ କରାଯାଇଛି । ଏହି (୧୭୭୭୭ ୭୪୮୪୧) ନମ୍ବର ଯୋଗେ ଉପଯୋଗୀମାନେ ବିଦ୍ୟୁତ୍ ବିଭାଗ ସମ୍ପର୍କିତ ସୂଚନା ପାଇପାରିବେ ଏବଂ ନୌ ପାଣ୍ଡର ସମ୍ପୂର୍ଣ୍ଣ ବିଦ୍ୟୁତ୍ ଯୋଗାଣ ନିୟମା (ଏନପିଏସ୍) ଅଭିଯୋଗ ପଞ୍ଜୀକରଣ କରାଯାଇପାରିବେ । ଏହି ସେବା ନିୟମା, ପରିଚାଳନା ଉତ୍ତର ଓ ଉନ୍ନତ ଗ୍ରାହକ ସୁବିଧା ପ୍ରତି ଟିପିଓଡିଏଲ୍ ପ୍ରତିବଦ୍ଧତାକୁ ଦର୍ଶାଇଛି ।

ଏହି କ୍ରିୟାରେ ଗ୍ରାହକମାନେ ପଞ୍ଜୀକୃତ ନୌପାଳନ ନମ୍ବରକୁ ୧୭୭୭୭ ୭୪୮୪୧ ନମ୍ବରକୁ ମିସ୍ତ କଲ୍ କରି ବିଦ୍ୟୁତ୍ ବିଭାଗ, ସମ୍ପର୍କିତ ସୂଚନା ପାଇପାରିବେ ଏବଂ ନୌ ପାଣ୍ଡର ସମ୍ପୂର୍ଣ୍ଣ (ଏନପିଏସ୍) ଅଭିଯୋଗ ପଞ୍ଜୀକରଣ କରିପାରିବେ । ୧୯୧୨ ହେଲୁ ଲାଭନ ନମ୍ବର ବ୍ୟତୀତ ଏହା ଅତିରିକ୍ତ ବିକଳ ଉଦ୍ଦେଶ୍ୟ କରିବ, ଯାହା ଗ୍ରାହକଙ୍କ ଅଭିଯୋଗ ପଞ୍ଜୀକରଣ ଓ ସୂଚନା ନିମନ୍ତେ ସମ୍ପର୍କ ଓ ସୁବିଧାମାନଙ୍କ ଯୋଗ ।

ଏହି ମିସ୍ତ କଲ୍ ସେବା କ୍ରିୟାରେ ଗ୍ରାହକମାନେ ସହଜରେ ଟିପିଓଡିଏଲ୍ ଟିମ୍ ସହ ଯୋଡ଼ି ହୋଇପାରିବେ, ଯାହା ଡିଡିଆଲ୍ ସ୍ତର ବ୍ୟବହାର ଓ ଉନ୍ନତ ଗ୍ରାହକ ସେବା ଦିନରେ କାର୍ଯ୍ୟ କରିବ ।

ଏ ସମ୍ପର୍କରେ ଟିପିଓଡିଏଲ୍ ବିଭାଗ ଅଭିଯୋଗ ସିଏ କହିଛନ୍ତି, “ଟିପିଓଡିଏଲ୍ରେ ଆମ ପାଇଁ ଗ୍ରାହକଙ୍କ ସମୟ ଓ ବିଶ୍ୱାସ ସମ୍ପୂର୍ଣ୍ଣ ଗୁରୁତ୍ୱପୂର୍ଣ୍ଣ । ମିସ୍ତ କଲ୍ ସେବା ଶୁଭାରମ୍ଭ କରି ଆମେ ଆମ ଗ୍ରାହକମାନଙ୍କ ପାଇଁ କେବଳ ବିଦ୍ୟୁତ୍ ବିଭାଗରୁ ସୂଚନା ଦେବା ଉପରେ ସମାଧାନ କରିବାକୁ ଚାହୁଁଛୁ । ଆମ ପ୍ରତିଶ୍ରୁତି ସମୟକୁ ମଧ୍ୟ ଅଧିକ ସୁଗମ କରିଛୁ । ଏକ ଅଧିକ ଉପଯୋଗୀ ଓ ପ୍ରତିଶ୍ରୁତିପୂର୍ଣ୍ଣ ବିଦ୍ୟୁତ୍ ବିଭାଗ ନେତୃତ୍ୱ ପାଇଁ ଚେତନାକାରୀ ବ୍ୟବହାର କରିବାରେ ଆମର ଉଦ୍ଦେଶ୍ୟ ରହିଥାଏ । ପ୍ରତିବଦ୍ଧତାକୁ ଏହି ଅଭିଯୋଗ ପ୍ରତିପାଦନ କରିଛି ।”

Synopsis: TP Central Odisha Distribution Limited (TPCODL), a joint venture of Tata Power and the Government of Odisha has introduced Smart Meters across all consumer categories, marking a major leap towards smart and efficient energy management. This follows directives from the Government of India, Government of Odisha and the OERC. Smart meters offer automated, reading and billing, ensuring error-free and timely bills for consumers. Installation of Smart Meters on pre-paid mode is not mandatory. These meters are always installed in post-paid mode, while the pre-paid option is available on consumer’s request. To empower consumers with real-time insights, TPCODL has integrated smart meters with the Mitra App, enabling users to track their daily electricity consumption in graphical form for the last 30 days. This feature helps consumers plan their energy usage and reduce monthly bills effectively. Prepaid users can also monitor their balance in real time, allowing greater control over usage and expenses.
